II. Background

In the **Federal Register** issue of July 24, 2008 (73 FR 43314) (FRL-8373-9), EPA published a proposed rule under TSCA section 4(a)(1)(B) to require manufacturers, importers, and processors of certain HPV chemical substances to conduct testing to obtain screening level data for health and environmental effects and chemical fate. EPA has preliminarily determined that: Each of the 19 chemical substances included in that proposed rule is produced in substantial quantities and that there is or may be substantial human exposure to each of them; there are insufficient data to reasonably

determine or predict the effects on health or the environment of the manufacture, distribution in commerce, processing, use, or disposal of the chemicals, or of any combination of these activities; and the testing program proposed is necessary to develop such data. Data developed under the proposed rule will provide critical information about the environmental fate and potential hazards associated with the subject chemical which, when combined with information about exposure and uses will allow the Agency and others to evaluate potential health and environmental risks and to take appropriate follow-up actions.

In response to the proposed rule, EPA received two requests to present oral comment pertaining to specific chemical substances and also the testing program and testing methodologies proposed. One request to present oral comment came from Chlorinated Paraffins Industry Association (CPIA). A second request to present oral comment came from People for the Ethical Treatment of Animals (PETA), on behalf of themselves; the Physicians Committee for Responsible Medicine (PCRM); the Alternatives Research Development Foundation; and the America Anti-Vivisection Society. Written comments provided during the comment period for the proposed rule, including those of requesting an opportunity for oral comment, are available and can be viewed in the docket under docket ID number EPA-HQ-OPPT-2007-0531.

III. How Can I Request To Participate in This Meeting?

Requests to participate in the meeting, identified by docket ID number EPA-HQ-OPPT-2008-0531, must be received on or before March 31, 2009.
