## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP05-413-000]

#### East Tennessee Natural Gas, L.L.C.; Notice of Availability of the Environmental Assessment for the Proposed Jewell Ridge Lateral Project

December 13, 2005.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) on the natural gas pipeline facilities proposed by East Tennessee Natural Gas, L.L.C. (East Tennessee) in the above-referenced docket.

The EA was prepared to satisfy the requirements of the National Environmental Policy Act. The staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major Federal action significantly affecting the quality of the human environment.

The EA assesses the potential environmental effects of the construction and operation of

approximately 30.48 miles of 20-inch-diameter pipeline and related appurtenant facilities in Tazewell and Smyth counties, Virginia. The purpose of the project is to connect the CNX Gas Company LLC's existing Cardinal States Gathering System in Tazewell County, Virginia to the East Tennessee interstate pipeline system in Smyth County, Virginia. The proposed pipeline would have the capacity to carry 235,000 dekatherms of natural gas per day. East Tennessee states that the project would also provide an alternate supply source to southeastern natural gas consumers, provide East Tennessee's existing pipeline system customers in Virginia, Tennessee, North Carolina and Georgia enhanced access to new natural gas supplies from the Appalachian basin, and build upon southwest Virginia's existing energy infrastructure. The new lateral would provide some areas, such as Richlands, Cedar Bluff, and Claypool Hill, Virginia, with access to natural gas for the first time.

The EA has been placed in the public files of the FERC. A limited number of copies of the EA are available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference Room, 888 First Street, NE., Room 2A, Washington, DC 20426. (202) 502-8371.

Copies of the EA have been mailed to Federal; state; and local agencies; public interest groups; individuals who have requested the EA; libraries; newspapers; and parties to this proceeding.
