DEPARTMENT OF DEFENSE

Office of the Secretary

Defense Science Board; meeting

AGENCY: Office of the Secretary, Department of Defense.

ACTION: Notice of Advisory Committee meeting.

SUMMARY: The Defense Science Board (DSB) Task Force on Precision Compellence will meet in closed session on January 3-4, 2002, at SAIC, 4001 N.

Fairfax Drive, Arlington, VA. The Task Force will conduct a comprehensive study of the ends and means of precision compellence, of the nuanced use of force, in concert with coalition partners, to achieve political, economic and moral change in countries affecting U.S. interests.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At this meeting, the Defense Science Board Task Force will survey the focused use of force so as to alter regimes' behavior, and in ways that are most promising to isolate regimes of concern from their populations and supporting organs and bureaucracies. This will include the means to acquire a well-founded conceptual delineation of targets critically important to the diplomatic, economic and military dominance of the regime. A regime's values and vulnerabilities being highly idiosyncratic, the Task Force shall select some concrete case studies for exploration in depth. These might include current rogue states, terrorist organizations, and future potential adversaries. Of particular relevance are the cleavage planes, where the discriminating use of force might divide the interests of different strata, political, ethnic or religious groups, or even personal rivalries.

In accordance with section 10(D) of the Federal Advisory Committee Act, P.L. No. 92-463, as amended (5 U.S.C. App. II), it has been determined that this Defense Science Board meeting concerns matters listed in 5 U.S.C. 552b(c)(1) and that, accordingly, this meeting will be closed to the public.

Dated: November 21, 2001.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.
