Any interested party may request a hearing within 30 days of the date of publication of this notice. Any hearing, if requested, will be held approximately 42 days after the publication of this notice, or the first workday thereafter. Issues raised in hearings will be limited to those raised in the case and rebuttal briefs. Interested parties may submit case briefs within 30 days of the date of publication of this notice. Rebuttal briefs, which must be limited to issues raised in the case briefs, may be filed not later than 35 days after the date of publication of this notice. Parties who submit case briefs or rebuttal briefs in this review are requested to submit with each argument (1) a statement of the issue and (2) a brief summary of the argument with an electronic version included.

The Department will publish the final results of this administrative review, including the results of its analysis of issues raised in any such written briefs or hearing, within 120 days of publication of these preliminary results.

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. To calculate the amount of duties to be assessed with respect to EP sales, we divided the total dumping margins (calculated as the difference between NV and EP) for each importer/customer by the total number of units sold to that importer/customer. If these preliminary results are adopted in our final results of administrative review, we will direct the Customs Service to assess the resulting per-unit dollar amount against each unit of merchandise in each of that importer's/customer's entries under the order during the review period.

For CEP sales, we divided the total dumping margins for the reviewed sales by the total entered value of those reviewed sales for each importer/customer. If these preliminary results are adopted in our final results of administrative review, we will direct the Customs Service to assess the resulting percentage margin against the

entered customs values for the subject merchandise on each of that importer's/customer's entries during the review period.

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(1) of the Act: (1) For the PRC companies named above, the cash deposit rates will be the rates for these firms established in the final results of this review, except that, for exporters with *de minimis* rates, i.e., less than 0.50 percent, no deposit will be required; (2) for previously-reviewed PRC and non-PRC exporters with separate rates, the cash deposit rate will be the company-specific rate established for the most recent period during which they were reviewed; (3) for all other PRC exporters, the rate will be the PRC country-wide rate, which is 33.18 percent; and (4) for all other non-PRC exporters of subject merchandise from the PRC, the cash deposit rate will be the rate applicable to the PRC supplier of that exporter. These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.
