Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the subsequent request for OMB's full clearance of this information collection.

FOR FURTHER INFORMATION CONTACT: Ronda Thompson at (202) 267-1416, or by email at: Ronda.Thompson@faa.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 2120-XXXX (to be assigned).

Title: B4UFLY Smartphone App.

Form Numbers: There are no FAA forms associated with this information collection.

Type of Review: Request for emergency clearance of a new information collection.

Background: Public Law 112-95, Section 336 requires model aircraft operators to notify the airport operator and air traffic control tower (if one is located at the airport) prior to operating within 5 miles of an airport. The FAA's B4UFLY smartphone app will provide situational awareness of flight restrictions—including locations of airports, restricted airspace, special use airspaces, and temporary flight restrictions—based on a user's current or planned flight location. In order to maintain NAS safety in proximity to airports, air traffic control personnel would need certain basic information about a UAS operator's intended flight in order to assess whether the UAS may disrupt or endanger manned air traffic. The data collected by the B4UFLY app during the initial 60-day beta test will help the FAA determine procedures for managing more widespread public use of the B4UFLY app.

Respondents: 1,000 beta test users.

Frequency: Approximately 5 submissions per week, per user.

Estimated Average Burden per Response: 2 minutes.

Estimated Total Annual Burden: 1,485 hours.

Issued in Washington, DC on August 21, 2015.

Ronda Thompson,

FAA Information Collection Clearance Officer, IT Enterprises Business Services Division, ASP-110.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Summary Notice No. 2015-53]

Petition for Exemption; Summary of Petition Received; American Airlines, Inc.

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice.

SUMMARY: This notice contains a summary of a petition seeking relief from specified requirements of title 14 of the Code of Federal Regulations. The purpose of this notice is to improve the public's awareness of, and participation in, the FAA's exemption process. Neither publication of this notice nor the inclusion or omission of information in the summary is intended to affect the legal status of the petition or its final disposition.

DATES: Comments on this petition must identify the petition docket number and must be received on or before September 17, 2015.

ADDRESSES: Send comments identified by docket number FAA-2015-3491 using any of the following methods:

- **Federal eRulemaking Portal:** Go to <http://www.regulations.gov> and follow the online instructions for sending your comments electronically.
- **Mail:** Send comments to Docket Operations, M-30; U.S. Department of Transportation (DOT), 1200 New Jersey Avenue SE., Room W12-140, West Building Ground Floor, Washington, DC 20590-0001.
- **Hand Delivery or Courier:** Take comments to Docket Operations in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.
- **Fax:** Fax comments to Docket Operations at 202-493-2251.

Privacy: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to <http://www.regulations.gov>, as described in the system of records

notice (DOT/ALL-14 FDMS), which can be reviewed at <http://www.dot.gov/privacy>.

Docket: Background documents or comments received may be read at <http://www.regulations.gov> at any time. Follow the online instructions for accessing the docket or go to the Docket Operations in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Keira Jones (202) 267-4025, Office of Rulemaking, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591.

This notice is published pursuant to 14 CFR 11.85.

Issued in Washington, DC, on August 25, 2015.

Lirio Liu,

Director, Office of Rulemaking.

Petition For Exemption

Docket No.: FAA-2015-3491

Petitioner: American Airlines, Inc.

Section(s) of 14 CFR Affected:

§ 93.123

Description of Relief Sought:

American Airlines seeks relief to permit American/American Eagle to operate two slots to maintain nonstop service between Ronald Reagan Washington National Airport (DCA) and Lansing, Michigan's Capital Region International Airport (LAN) under the terms and conditions of Exemption No. 10466.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: Hidalgo County, Texas

AGENCY: Texas Department of Transportation (TxDOT), Federal Highway Administration (FHWA), Department of Transportation.

ACTION: Federal notice of intent to prepare an Environmental Impact Statement (EIS).

SUMMARY: Pursuant to 40 CFR 1508.22, FHWA, on behalf of TxDOT, is issuing this notice to advise the public that an EIS will be prepared for a proposed transportation project to construct State Highway (SH) 68 from Interstate (I)-2/ United States Highway (US) 83 to I-69C/US 281 in Hidalgo County, Texas. Areas within the study area include the cities of Alamo, Pharr, Donna, Edinburg, San Juan, and San Carlos.

FOR FURTHER INFORMATION CONTACT:

Homer Bazan, Jr., P.E., Director of Transportation Planning and Development—TxDOT Pharr District, 600 W. Interstate 2, Pharr, Texas, 78577; telephone: 956-702-6100; email: Homer.Bazan@txdot.gov. TxDOT's normal business hours are 8:00 a.m.—5:00 p.m., Monday through Friday.

SUPPLEMENTARY INFORMATION:

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT. TxDOT will prepare an EIS for the proposed SH 68 from I-2/US 83 to I-69C/US 281, listed in the 2015–2040 Hidalgo County Metropolitan Transportation Plan as a 4-lane divided rural highway facility with the potential for main lanes and overpasses. There is no existing facility; therefore, the project is proposed on new location.

The purpose of the project is to improve north/south mobility, increase travel capacity for local and regional traffic, and provide an alternate north-south evacuation routes during emergency events. The project need is a lack of sufficient north/south mobility for local and regional traffic and for additional emergency evacuation routes, which are the result of historical and continuing growth in the region's population as well as continued growth of traffic in the region.

The significance of impacts for the proposed SH 68 project was initially uncertain, so the process began by preparing an environmental assessment (EA). Based on preliminary analysis and feedback from the public, it was determined that an EIS should be prepared. The EIS will incorporate information collected during the EA process; in addition, public input gathered during the development of the EA will be considered in the EIS process. The EIS will develop and evaluate a range of alternatives including “No-action” (the no-build alternative), Transportation System Management (TSM)/Transportation Demand Management (TDM), rapid transit and roadway build alternatives. The EIS will analyze potential direct, indirect and cumulative impacts from construction and operation of proposed corridor improvements including, but not limited to, the following: transportation impacts; air quality and noise impacts; water quality impacts including storm water runoff; impacts to waters of the United States including

wetlands; impacts to floodplains; impacts to historic and archeological resources; impacts to threatened and endangered species; socioeconomic impacts including environmental justice communities; impacts to and/or potential displacements of land use, vegetation, residents and businesses; and impacts to aesthetic and visual resources.

Public involvement is a critical component of the project development process and will occur throughout the planning and study phases. Letters describing the proposed action including a request for comments will be sent to appropriate Federal, State, and local agencies and to private organizations and citizens who have previously expressed or are known to have interest in this proposal. Agency and public scoping meetings are planned for late 2015. The purpose of the public scoping meetings is to identify significant and other relevant issues related to SH 68 mobility improvements as part of the National Environmental Policy Act process. The scoping meetings will provide opportunities for participating agencies, cooperating agencies, and the public to be involved in review and comment on the draft coordination plan, defining the need and purpose for the proposed project, and the range of alternatives to be considered in the EIS. In addition to the agency and public scoping meetings, a public hearing will be held. Public notice will be given of the time and place of the meetings and hearing. To ensure that the full range of issues related to this proposed action is addressed and all significant issues are identified, comments and suggestions are invited from all interested parties. Such comments or questions concerning this proposed action should be directed to TxDOT at the address provided above.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program.)

Issued on: August 19, 2015.

Michael T. Leary,

Director, Planning and Program Development, Federal Highway Administration.

BILLING CODE 4910–22–P

DEPARTMENT OF TRANSPORTATION**Federal Transit Administration****Limitation on Claims Against Proposed Public Transportation Projects**

AGENCY: Federal Transit Administration (FTA), DOT.

ACTION: Notice.

SUMMARY: This notice announces final environmental actions taken by the Federal Transit Administration (FTA) for projects in the Cities of Seattle, Shoreline, Mountlake Terrace, and Lynnwood, WA; New Orleans, LA; Tacoma, WA; and Fort Lauderdale, FL. The purpose of this notice is to announce publicly the environmental decisions by FTA on the subject projects and to activate the limitation on any claims that may challenge these final environmental actions.

DATES: By this notice, FTA is advising the public of final agency actions subject to Section 139(l) of Title 23, United States Code (U.S.C.). A claim seeking judicial review of FTA actions announced herein for the listed public transportation projects will be barred unless the claim is filed on or before January 25, 2016.

FOR FURTHER INFORMATION CONTACT:

Nancy-Ellen Zusman, Assistant Chief Counsel, Office of Chief Counsel, (312) 353-2577 or Terence Plaskon, Environmental Protection Specialist, Office of Environmental Programs, (202) 366-0442. FTA is located at 1200 New Jersey Avenue SE., Washington, DC 20590. Office hours are from 9:00 a.m. to 5:30 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION: Notice is hereby given that FTA has taken final agency actions by issuing certain approvals for the public transportation projects listed below. The actions on the projects, as well as the laws under which such actions were taken, are described in the documentation issued in connection with the projects to comply with the National Environmental Policy Act (NEPA) and in other documents in the FTA administrative record for the projects. Interested parties may contact either the project sponsor or the relevant FTA Regional Office for more information on each project. Contact information for FTA's Regional Offices may be found at <http://www.fta.dot.gov>.

This notice applies to all FTA decisions on the listed projects as of the issuance date of this notice and all laws under which such actions were taken, including, but not limited to, NEPA [42 U.S.C. 4321–4375], Section 4(f) of the
