

adjacent to the IRA. The project would directly impact the Meade Peak, Red Mountain, Telephone Draw and Hell Hole IRAs, and would be immediately adjacent to, and would thereby have some impact to, the Gannett Spring Creek and Sage Creek IRAs. The portions of IRAs that could be impacted include GFRG and BCR management classifications (36 CFR part 294).

Scoping Process

This notice of intent initiates the scoping process, which guides the development of the EIS. In addition to this notice of intent, a legal notice will be published in the *Idaho State Journal*, newspaper of record, and the *Star Valley Independent* to ensure wide distribution of this notice.

The purpose of this comment period is to provide an opportunity for the public to provide early and meaningful participation on a proposed action prior to a decision being made by the Responsible Official. Per 36 CFR 218 and 219, only those who provide specific, written comments regarding the proposed project or activity will be eligible to file an objection. It is important that reviewers provide their comments at such times and in such manner that they are useful to the agency's preparation of the environmental impact statement. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions. Comments received in response to this solicitation, including names and addresses of those who comment, will be part of the public record for this proposed action. Comments submitted anonymously will be accepted and considered, however.

An additional opportunity for public participation will occur during the public comment period on the draft EIS, which will be initiated by the publication of a notice of availability of the draft EIS in the **Federal Register**.

Dated: January 10, 2018.
