SUPPLEMENTARY INFORMATION: The Vietnam Era Veterans' Readjustment Assistance Act of 1974 (VEVRAA), 38 U.S.C. 4212(d), requires Federal contractors and subcontractors subject to the Act's affirmative action provisions in 38 U.S.C. 4212(a) to track and report annually to the Secretary of Labor the number of employees in their workforces, by job category and hiring location, who belong to the specified categories of covered veterans. The VETS maintains two sets of regulations to implement the reporting requirements under the VEVRAA and uses two different forms for providing the required information on the employment of covered veterans.

Regulations set forth in 41 CFR part 61–250 require contractors with a government contract of \$25,000 or more entered into before December 1, 2003, to use Form VETS–100 for reporting information on the number of covered veterans in their workforces. Regulations set forth in 41 CFR part 61–300 implement amendments to the reporting requirements under the VEVRAA made by the Jobs for Veterans Act (JVA) (Pub. L. 107–288) enacted in 2002. The JVA amended the VEVRAA by: (1) Increasing from \$25,000 to \$100,000, the dollar amount of the contract that subjects a Federal contractor to the requirement to report on veterans' employment; and (2) changing the categories of covered veterans under the VEVRAA, and thus the categories of veterans that contractors are required to track and report on annually. These latter regulations require contractors with a government contract entered into or modified on or after December 1, 2003,

in the amount of \$100,000 or more to use Form VETS–100A for reporting information on their employment of covered veterans under the VEVRAA.
