

openness, and inclusivity. These efforts include the USPTO's use of AI and ET within the agency to further its goals of enhancing the quality and efficiency of patent and trademark examination.

Additionally, the USPTO seeks to better understand the public's views on the IP policy issues that uniquely affect the AI/ET community to help inform the USPTO's future work in the AI/ET IP policy space. The AI/ET Partnership will commence with a series of meetings exploring AI/ET-related initiatives at the USPTO and IP policy issues impacted by AI and other ET. Further information on the AI/ET Partnership, future events, and participation in these events is available on the AI/ET Partnership web page at www.uspto.gov/aipartnership.

III. AI/ET Meeting Series: The AI/ET Partnership will begin with a series of virtual events. The inaugural event will explore various patent policy issues including subject matter eligibility, inventorship, and disclosure practice. Future events will engage stakeholders on other IP policy issues and USPTO efforts in the AI/ET space.

The USPTO will hold the inaugural Partnership meeting virtually on June 29, 2022, from 1:00 p.m. to 4:45 p.m. ET. For registration and further information on the AI/ET Partnership series, please visit the AI/ET Partnership web page at www.uspto.gov/aipartnership.

DEPARTMENT OF DEFENSE

Office of the Secretary

Renewal of Department of Defense Federal Advisory Committees—U.S. Strategic Command Strategic Advisory Board

AGENCY: Department of Defense (DoD).

ACTION: Charter and Membership Balance Plan renewal of Federal advisory committee.

SUMMARY: The DoD is publishing this notice to announce that it is renewing the Charter and Membership Balance Plan of the U.S. Strategic Command Strategic Advisory Group (SAG).

FOR FURTHER INFORMATION CONTACT: Jim Freeman, Advisory Committee Management Officer for the Department of Defense, 703-692-5952.

SUPPLEMENTARY INFORMATION: The SAG's charter is being renewed pursuant to 10 U.S.C. 1781a and in accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C., Appendix) and 41 CFR 102-3.50(a). The charter and contact information for the SAG's Designated Federal Officer (DFO) are found at <https://www.facadatabase.gov/FACA/apex/FACAPublicAgencyNavigation>.

The SAG provides the Secretary of Defense independent advice and

recommendations on matters concerning defense policy. Specifically, the SAG will focus on: (a) technical, intelligence, and policy-related matters of interest to the Joint Chiefs of Staff and the U.S. Strategic Command (USSTRATCOM) concerning the development and implementation of the Nation's strategic war plans; (b) enhancements in USSTRATCOM's mission area responsibilities; and (c) other matters related to the Nation's strategic forces, as requested by the Chairman of the Joint Chiefs of Staff or the Commander, USSTRATCOM.

The SAG is composed of no more than 20 members who have distinguished backgrounds in the fields of strategic policy formulation; nuclear weapon design; national command, control, communications, intelligence, and information operations; or other important aspects of the Nation's strategic forces. These members will come from varied backgrounds including prior government or military service, multinational corporations, academia, or other non-government organizations. Individual members will be appointed according to DoD policy and procedures, and serve a term of service of one-to-four years with annual renewals. One member will be appointed as Chair of the SAG. No member, unless approved according to DoD policy and procedures, may serve more than two consecutive terms of service on the SAG, or serve on more than two DoD Federal advisory committees at one time.

Members of the SAG who are not full-time or permanent part-time Federal civilian officers or employees, or active duty members of the Uniformed Services, will be appointed as experts or consultants pursuant to 5 U.S.C. 3109 to serve as special government employee members. SAG members who are full-time or permanent part-time Federal civilian officers or employees, or active duty members of the Uniformed Services, will be appointed pursuant to 41 CFR 102-3.130(a) to serve as regular government employee members.

All members of the SAG are appointed to provide advice based on their best judgment without representing any particular point of view and in a manner that is free from conflict of interest. Except for reimbursement of official SAG-related travel and per diem, members serve without compensation.

The public or interested organizations may submit written statements to the SAG membership about the SAG's mission and functions. Written statements may be submitted at any time or in response to the stated agenda

of planned meeting of the SAG. All written statements shall be submitted to the DFO for the SAG, and this individual will ensure that the written statements are provided to the membership for their consideration.

Dated: May 31, 2022.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Department of the Army, Corps of Engineers

Notice of Intent To Prepare a Supplemental Environmental Impact Statement to the 1995 Amite River and Tributaries, Louisiana, East Baton Rouge Parish Watershed Flood Risk Management Project Environmental Impact Statement

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent.

SUMMARY: The U.S. Army Corps of Engineers (USACE), Mississippi Valley Division, New Orleans District (CEMVN), is announcing its intent to prepare a Supplemental Environmental Impact Statement (SEIS) to re-evaluate impacts associated with the Amite River and Tributaries (ART), Louisiana, East Baton Rouge (EBR) Watershed Flood Risk Management Project (EBR FRM) in East Baton Rouge Parish, Louisiana. The EBR FRM project was previously studied in the July 1995 ART, Louisiana, EBR Parish Watershed Flood Risk Management Project Feasibility Study and EIS. Since the initial 1995 impact assessment was conducted, the project area has transitioned from a rural setting with large amounts of undeveloped land, to a more densely populated urban setting containing subdivisions, buildings, and roadways with greater runoff of water during storm events. Due to these changed conditions, the proposed work in these waterways will be designed to convey flows that occur during more frequent but less intense storm events, compared to the storm events that were considered in the original plan addressed in the 1995 EIS. These factors lead to requiring a reassessment of environmental impacts.

ADDRESSES: U.S. Army Corps of Engineers, New Orleans District, Attn: CEMVN-PDS-N, 7400 Leake Avenue, New Orleans, Louisiana 70118.

FOR FURTHER INFORMATION CONTACT:

Questions and scoping comments regarding the proposed action should reference “*East Baton Rouge Watershed Flood Control SEIS*” and be directed to Mr. Jason A. Emery by mail at U.S. Army Corps of Engineers, New Orleans District, Attn: CEMVN-PDS-N, 7400 Leake Avenue, New Orleans, Louisiana 70118; by phone at (504) 862-2364; or by email at mvnenvironmental@usace.army.mil. For additional information, including but not limited to a copy of the 1995 EIS, and other associated documents, please visit the BBA18 Construction, East Baton Rouge Project website at: <https://www.mvn.usace.army.mil/About/Projects/BBA-2018/East-Baton-Rouge/>.

SUPPLEMENTARY INFORMATION:

1. Project Details. The EBR FRM Project is in southeast Louisiana situated across several sub-basins in East Baton Rouge Parish. The federal authorization is to reduce flooding along 5 sub-basins throughout the parish, including Jones Creek, Ward Creek, Bayou Fountain, Blackwater Bayou, and Beaver Bayou. This project consists of improvements to 50 miles of channels, including clearing and snagging, widening, and placement of riprap to reduce the risk of flood damages during storm events.

The EBR FRM Project within the Parish of East Baton Rouge, Louisiana was authorized by Section 101(21) of the Water Resources Development Act of 1999, Public Law 106-53, as modified by Division D, Section 116 of the Consolidated Appropriations Resolution of 2003, Public Law 108-7, and Section 3074 of the Water Resources Development Act of 2007, Public Law 110-114. The Bipartisan Budget Act of 2018, H. R. 1892—13, Title IV, Corps of Engineers—Civil, Department of the Army, Investigations, made funds available for the expenses related to the completion, or initiation and completion, of certain flood and storm damage reduction, including this project.

The EBR FRM project was originally evaluated in an EIS in July 1995. The evaluated plan consisted of approximately 25 miles of minimal clearing and snagging, 24 miles of earthen channel enlargement, and 17 miles of concrete lining of channels in 5 sub-basins across East Baton Rouge Parish. Recreation features consisted of the construction of 11 miles of bicycle paths on the Jones Creek basin, which would also include plantings of trees. Aesthetic mitigation features consisted of tree plantings or tree and shrub plantings along both sides of 29.4 miles
