**Background:** According to the USTR's letter, U.S. negotiators have recently reached agreement in principle with representatives of the governments of Canada and Mexico on proposed modifications to Annexes 401 and 403 of the NAFTA. Chapter 4 and Annexes 401 and 403 of the NAFTA set forth the rules of origin for applying the tariff provisions of the NAFTA to trade in goods. Section 202(q) of the NAFTA Implementation Act (the Act) authorizes the President, subject to the consultation and layover requirements of section 103 of the Act, to proclaim such modifications to the rules as may from time to time be agreed to by the NAFTA countries. One of the requirements set out in section 103 of the Act is that the President obtain advice from the United States International Trade Commission.

The USTR has requested that the Commission provide advice on the probable effect of the modifications on U.S. trade under the NAFTA and on domestic industries. The modifications concern rules of origin in NAFTA Annexes 401 and 403 for (1) Cocoa and cocoa preparations; (2) cranberry juice; (3) ores, slag and ash; (4) leather; (5) cork and articles of cork; (6) prepared feathers and down and articles made of feather or of down, artificial flowers, and articles of human hair; (7) glass and glassware; (8) copper; (9) nickel and articles thereof; (10) lead; (11) zinc and articles thereof; (12) tin; (13) other base metals; (14) televisions; (15) information technology agreement goods; and (16) controls.

A detailed list of the proposed modifications is available from the Office of the Secretary to the Commission or by accessing the electronic version of this notice at the Commission's Internet site (<http://www.usitc.gov>). This list was amended by the USTR, as conveyed in a letter dated June 16, 2005, from Assistant U.S. Trade Representative Carmen Suro-Bredie, to delete filament yarns of viscose rayon, tri-lobal rayon staple fiber, and untextured yarns of nylon, as the Commission had previously provided probable effect advice concerning modifications to rules of origin for these products in Investigation Nos. NAFTA-103-7 (October 2004) and NAFTA-103-9 (December 2004).

The U.S. NAFTA rules of origin can be found in General Note 12 of the 2005 Harmonized Tariff Schedule of the United States (see "General Notes" link at <http://www.usitc.gov/tata/hts/bychapter/index.htm>) and the most recent updates to the current U.S. NAFTA rules of origin can be found in
