

Under TSCA section 8(c), persons who manufacture, import, process, or distribute in commerce any chemical substance or mixture must keep records of significant adverse reactions to health or the environment, as determined by the Administrator by rule. Allegations of adverse reactions to the health of employees be kept for thirty years, and all other allegations be kept for five years. The rule also prescribes the conditions under which a firm must submit or make the records available to a duly designated representative of the Administrator.

Finally, under TSCA section 8(d), persons, who manufacture, import, process, or distribute in commerce (or propose to manufacture, import, process, or distribute in commerce) certain chemical substances and mixtures, are required to submit to EPA lists and copies of health and safety studies which relate to health and/or environmental effects of the chemical substances and mixtures. To comply with an “8(d)” rule, respondents must search their records to identify any health and safety studies in their possession, make copies of relevant studies, list studies that are currently in progress, and submit this information to EPA.

Burden statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to be between 0.4 to 106.4 hours per response. Burden is defined in 5 CFR 1320.3(b).

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Respondents/affected entities: Entities potentially affected by this ICR are manufacturers (including imports) or processors of chemical substances of mixtures. A list of potentially affected entities with North American Industrial Classification System (NAICS) codes provided to assist in determining potential applicability in question 12.

Respondent's obligation to respond: Mandatory, as per TSCA Section 8 and 40 CFR 703, 704; 712; 716; 717; 766, and 792.

Forms: EPA Forms 7710–25, 7710–35, 7710–51, and 9600–07.

Frequency of response: On Occasion.

Total estimated number of potential respondents: 13,595.

Total estimated average number of responses for each respondent: 193.

Total estimated annual burden hours: 106,522 hours.

Total estimated annual respondent costs: \$9,138,943, which includes \$0 for

capital investment or maintenance and operational costs.

III. Are there changes in the estimates from the last approval?

This ICR renewal includes the consolidation of multiple ICRs. Accordingly, for this particular ICR, the overall number of hours will increase to reflect the consolidation whereas EPA will retire the ICRs that are being consolidated into this ICR (*i.e.*, an increase of 647 hours in information collection activities associated with *Chemical-Specific Rules under TSCA section 8(a); Certain Nanoscale Materials* (OMB Control No. 2070–0194) and *TSCA section 8(a) Reporting and Recordkeeping Requirements for Asbestos* (OMB Control No. 2070–0222)). EPA also notes that a recent TSCA section 8(d) rulemaking, published on December 13, 2024 (89 FR 100756), incorporated an increase of associated burden arising out of a requirement to report studies showing any measurable content of the subject chemicals. In response to that proposed rulemaking, stakeholders provided information indicating that the file search burden would incur additional burden. Accordingly, for that rulemaking, EPA increased the associated estimate for file search in the economic analysis for the rule. This increase in burden would apply only where the Agency, via the applicable regulations, requires reporting of studies at any measurable content. EPA does not anticipate promulgating 8(d) rules requiring such reporting in this ICR's renewal period. These changes are the result of a program adjustment. Thus, any 8(d) rules promulgated during this renewal period would not reflect this increase in burden.

IV. What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** document pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

FEDERAL MARITIME COMMISSION

[Docket No. FMC–2025–0008]

Notice of Filing of Petition and Request for Comments: Exemption From Tariff Rate Publication Requirements

AGENCY: Federal Maritime Commission.

ACTION: Notice of filing and request for comments.

SUMMARY: The Federal Maritime Commission (Commission) has received a petition from a controlled carrier requesting an exemption from the statutory requirement to provide 30 days' notice of a reduction in its tariff rates and seeks public comment.

DATES: Submit comments on or before June 9, 2025.

ADDRESSES: You may submit comments, identified by Docket No. FMC–2025–0008, by the following method:

Federal eRulemaking Portal: Your comments must be written and in English and submitted electronically through the Federal Rulemaking Portal at www.regulations.gov. To submit comments on that site, search for Docket No. FMC–2025–0008 and follow the instructions provided. If you would like to receive future information regarding this petition, you must include your contact information.

A copy of the comment must also be served on the Petitioner's counsel, Cameron W. Roberts, Roberts & Kehagiaras LLP, at cwr@tradeandcargo.com, 210 Yacht Club, Redondo Beach, CA 90802.

FOR FURTHER INFORMATION CONTACT: For questions regarding the submission of written public comments or the treatment of any confidential information, please contact David Eng, Secretary, at (202) 523–5725 or by email at secretary@fmc.gov.

SUPPLEMENTARY INFORMATION: Notice is given that the Chinese-Polish Joint Stock Shipping Company (“Chipolbrok”), has petitioned the Commission, pursuant to 46 U.S.C. 40103(a) and 46 CFR 502.94, for an exemption from 46 U.S.C. 40703 so that it may reduce its tariff rates effective upon publication. A copy of this petition, Petition No. P1–25, can be found at www.regulations.gov under Docket No. FMC–2025–0008.

To grant an exemption, the Commission must conclude that such exemption will not result in substantial reduction in competition or be detrimental to commerce. The Commission has stated that “detriment to commerce” must signify something other than “substantial reduction in competition.”¹ In order to determine whether either prong of this standard occurs, the Commission will examine the percent of cargo and number of twenty-foot equivalent units (TEUs) moving in the controlled carrier’s U.S. trades under service contracts and tariffs. The Commission will also examine whether allowing the carrier to reduce tariff rates and charges with immediate effectiveness may allow it to compete more vigorously, especially when compared to any shortage of capacity or overcapacity that may be occurring in the shipping industry as a whole.

For the Commission to make a thorough evaluation of the exemption requested in the petition, interested parties are afforded an opportunity to participate through submission of written public comments. Comments must be received no later than the above stated date. The comments must be written and in English and submitted electronically through the Federal Rulemaking Portal at www.regulations.gov. To submit comments on that site, search for Docket No. FMC–2025–0008 and follow the instructions provided. A copy of the comment must also be served on the Petitioner’s counsel, Cameron W. Roberts, Roberts & Kehagiaras LLP, at cwr@tradeandcargo.com, 210 Yacht Club, Redondo Beach, CA 90802.

The Commission will provide confidential treatment for identified confidential information to the extent allowed by law. If you would like to request confidential treatment, pursuant to 46 CFR 502.5, you must submit the following, by email, to secretary@fmc.gov:

- A transmittal letter that identifies the specific information in the comments for which protection is sought and demonstrates that the information is a trade secret or other confidential research, development, or commercial information.

¹ See Petition No. P7–92, *Motor Vehicle Manufacturers Association of the United States, Inc. and Wallenius Lines, N.A.-Joint Application for Exemption from Certain Requirements of the Shipping Act of 1984 for Certain Limited Shipments of Passenger Vehicles*, 26 S.R.R. 1269 (FMC 1994) and Docket No. 05–05, *Non-Vessel-Operating Common Carrier Service Arrangements*, 30 S.R.R. 763 (FMC 2005).

- A confidential copy of your comments, consisting of the complete filing with a cover page marked “Confidential-Restricted,” and the confidential material clearly marked on each page.

- A public version of your comments with the confidential information excluded. The public version must state “Public Version—confidential materials excluded” on the cover page and on each affected page and must clearly indicate any information withheld.

Dated: May 6, 2025.
