**FEDERAL EMERGENCY
MANAGEMENT AGENCY**

**Fee Schedule for National Flood
Insurance Program Map and Insurance
Products**

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Notice.

SUMMARY: This Notice contains the revised fee schedule for processing requests for the National Flood Insurance Program (NFIP) map and insurance products available through the FEMA Map Service Center (MSC). The changes in the fee schedule will allow FEMA to reduce further the expenses to the NFIP by recovering more fully the costs associated with producing, retrieving, and distributing particular NFIP map and insurance products. This year, with the implementation of the MSC's new e-commerce site and conversion of the paper maps and studies to digital files, the MSC is also recommending fee charges for the new online Internet requests and CD products.

DATES: The revised fee schedule is effective for all requests dated, May 1, 2002, or later.

FOR FURTHER INFORMATION CONTACT:

Frederick H. Sharrocks, Jr., Chief, Mapping Support Branch, Federal Insurance and Mitigation Administration, 500 C Street SW., Washington, DC 20472; by telephone at (202) 646-2796 or by facsimile at (202) 646-4596 (not toll-free calls), by e-mail at Frederick.Sharrocks@fema.gov.

SUPPLEMENTARY INFORMATION:

Throughout this Notice, we use "we," "our," and "us" to refer to FEMA.

This Notice contains the revised fee schedule for processing requests for NFIP map and insurance products available through the MSC.

Effective Date

The revised fee schedule is effective for all written requests, on-line Internet requests made through the FEMA Flood Map Store, and all telephone requests received on or after May 1, 2002. The revised fee schedule supersedes the current fee schedule for requests for Map and Insurance products, established May 3, 2000.

Evaluations Performed

To develop the revised fee schedule for requests for particular NFIP map and insurance products, we first evaluated the actual costs incurred at the MSC for producing, retrieving, and distributing those products. We then analyzed historical sales, cost data, and product unit costs for unusual trends or anomalies; analyzed the effect of program changes, new products, technology investments, and other factors on future sales and product costs. The products covered by this Notice are discussed in detail below.

Periodic Evaluation of Fees

As indicated in the Notice published in the **Federal Register** on May 3, 2000, a primary component of the fees is the prevailing private sector rates charged to FEMA for labor and materials. Because these rates and the actual production, retrieval, and distribution costs may vary from year to year, we will evaluate the fees periodically and publish a revised fee schedule, when appropriate, as a notice in the **Federal Register** Fee Schedule for Requests for Map and Insurance Products.

Our MSC distributes a variety of NFIP map and insurance products to a broad range of our customers, including Federal, State, and local government officials; real estate professionals; insurance providers; appraisers; builders; land developers; design engineers; surveyors; lenders; homeowners; and other private citizens. Specifically, our MSC distributes the following products:
