

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft EIS should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft EIS. Comments may also address the adequacy of the draft EIS or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act (NEPA) at 40 CFR 1503.3 in addressing these points.

Comments received, including the names and addresses of those who comment, will be considered part of the public record on this proposal and will be available for public inspection (*Authority*: NEPA 40 CFR 1501.7, 1508.22; Forest Service Handbook 1909.15, Section 21). The responsible official for the preparation of the EIS will make a decision regarding this proposal by considering the comments and responses, environmental consequences discussed in the final EIS, and applicable laws, regulations, and policies. The rationale for the decision will be documented in a Record of Decision. That decision will be subject to appeal under applicable Forest Service regulations.

Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Surf Clam/Ocean Quahog Transfer Log.

Form Number(s): None.

OMB Approval Number: 0648-0238.

Type of Request: Regular submission.

Burden Hours: 52.

Number of Respondents: 206.

Average Hours Per Response: 5 minutes.

Needs and Uses: Persons holding Individual Transferable Quotas (ITQs)

in the surf clam/ocean quahog fishery are annually issued a quota for harvest. To facilitate enforcement and tracking, sequentially numbered tags are issued to each owner on an annual basis and all cages of product must be tagged, with tag use reported by both the harvesting vessel and the purchasing dealer. Individual allocations are transferable, and owners may transfer their allocation on a permanent basis or may transfer tags to other vessel owners to use on a temporary basis. This transferability means that the allocation ownership changes constantly, and the ITQ Allocation Transfer Form is used by allocation holders to register these transfers with the National Marine Fisheries Service. Once processed, new allocation permits are issued and all databases are updated. The information registered is used for enforcement purposes.

Affected Public: Business or other for-profit organizations, individuals or households.

Frequency: On occasion.

Respondent's Obligation: Mandatory.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, Room 6086, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at MClayton@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, DC 20503.

Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the

Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Application to Shuck Surf Clam/Ocean Quahogs At Sea.

Form Number(s): None.

OMB Approval Number: 0648-0240.

Type of Request: Regular submission.

Burden Hours: 1.

Number of Respondents: 2.

Average Hours Per Response: 5 minutes.

Needs and Uses: Vessel owners who wish to shuck their surf clam/ocean quahog catch while at sea must apply for a permit to do so. The National Marine Fisheries Service (NMFS) requires a permit so that it can identify vessels seeking to do so and to place a NMFS-approved observer aboard those vessels. An observer is necessary because the shucking of catch at sea makes it difficult to track the catch against harvest quotas.

Affected Public: Business or other for-profit organizations, individuals or households.

Frequency: On occasion.

Respondent's Obligation: Mandatory.
