

*Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface.*

\* \* \* \* \*

#### **ACE IA E5 Hampton, IA [Amended]**

Hampton Municipal Airport, IA  
(Lat. 42°43'25" N., long. 93°13'35" W.)

That airspace extending upward from 700 feet above the surface within a 6.4-mile radius of Hampton Municipal Airport, and within 2 miles each side of the 177° bearing from the airport extending from the 6.4-mile radius to 7.7 miles south of the airport.

Issued in Fort Worth, Texas, on February 2, 2014.

**Kent M. Wheeler,**

## **DEPARTMENT OF TRANSPORTATION**

### **Federal Aviation Administration**

#### **14 CFR Part 71**

[Docket No. FAA-2013-0916; Airspace Docket No. 13-AGL-30]

#### **Amendment of Class E Airspace; Philip, SD**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action amends Class E airspace at Philip, SD. Additional controlled airspace is necessary to accommodate new Area Navigation (RNAV) Standard Instrument Approach Procedures at Philip Airport. Geographic coordinates are also adjusted. The FAA is taking this action to enhance the safety and management of Instrument Flight Rule (IFR) operations at the airport.

**DATES:** *Effective date:* 0901 UTC, May 29, 2014. The Director of the Federal Register approves this incorporation by reference action under 1 CFR Part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

**FOR FURTHER INFORMATION CONTACT:** Scott Enander, Central Service Center, Operations Support Group, Federal Aviation Administration, Southwest Region, 2601 Meacham Blvd., Fort Worth, TX 76137; telephone 817-321-7716.

#### **SUPPLEMENTARY INFORMATION:**

#### **History**

On December 9, 2013, the FAA published in the **Federal Register** a notice of proposed rulemaking (NPRM)

to amend Class E airspace for the Philip, SD, area, creating additional controlled airspace at Philip Airport (78 FR 73751) Docket No. FAA-2013-0916. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9X dated August 7, 2013, and effective September 15, 2013, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

#### **The Rule**

This action amends Title 14 Code of Federal Regulations (14 CFR) Part 71 by amending Class E airspace extending upward from 700 feet above the surface at Philip Airport, Philip, SD, to contain aircraft executing new standard instrument approach procedures at the airport. Accordingly, additional segments will extend from the 6.4-mile radius of the airport to 11.8 miles northwest and 11.5 miles southeast of the airport, to retain the safety and management of IFR aircraft in Class E airspace to/from the en route environment. Geographic coordinates will also be updated to coincide with the FAA's aeronautical database.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use

of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends controlled airspace at Philip Airport, Philip, SD.

#### **Environmental Review**

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures," paragraph 311a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

#### **List of Subjects in 14 CFR Part 71**

Airspace, Incorporation by reference, Navigation (Air).

#### **Adoption of the Amendment**

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:

#### **PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

■ 1. The authority citation for 14 CFR Part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

#### **§ 71.1 [Amended]**

■ 2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9X, Airspace Designations and Reporting Points, dated August 7, 2013, and effective September 15, 2013, is amended as follows:

*Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface.*

\* \* \* \* \*

#### **AGL SD E5 Philip, SD [Amended]**

Philip Airport, SD

(Lat. 44°02'55" N., long. 101°35'56" W.)

Philip VOR/DME

(Lat. 44°03'30" N., long. 101°39'51" W.)

That airspace extending upward from 700 feet above the surface within a 6.4-mile radius of Philip Airport, and within 2 miles each side of the 308° bearing from the airport extending from the 6.4-mile radius to 11.8 miles northwest of the airport, and within 2 miles each side of the 128° bearing from the airport extending from the 6.4-mile radius to 11.5 miles southeast of the airport, and that airspace bounded by a line 7 miles south of and parallel to the Philip VOR/DME 102°

radial extending from the VOR/DME to 2.7 miles east of the VOR/DME, and within 4 miles north and 8.3 miles south of the Philip VOR/DME 282° radial extending from the VOR/DME to 16.1 miles west of the VOR/DME.

Issued in Fort Worth, Texas, on February 10, 2014.

## DEPARTMENT OF TRANSPORTATION

### Federal Aviation Administration

#### 14 CFR Part 71

[Docket No. FAA-2013-0552; **Airspace**  
Docket No. 13-ASO-14]

#### **Amendment of Class E Airspace; Macon, GA**

**AGENCY:** Federal Aviation  
Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action amends Class E Airspace at Macon, GA, as the Bay Creek Non-Directional Beacon (NDB) has been decommissioned and airspace reconfiguration is necessary for the safety and airspace management of Instrument Flight Rules (IFR) operations at Perry-Houston County Airport. This action also amends controlled airspace and updates the name and geographic coordinates of Macon Downtown Airport and amends controlled airspace for Middle Georgia Regional Airport.

**DATES:** Effective 0901 UTC, May 29, 2014. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

**FOR FURTHER INFORMATION CONTACT:** John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-6364.

#### **SUPPLEMENTARY INFORMATION:**

##### **History**

On August 22, 2013, the FAA published in the **Federal Register** a notice of proposed rulemaking (NPRM) to amend Class E airspace in Macon, GA, (78 FR 52114). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9X dated August 7, 2013, and effective September 15, 2013, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

#### **The Rule**

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 amends Class E airspace extending upward from 700 feet above the surface within a 7.8-mile radius of Middle Georgia Regional Airport, Macon, GA; and within a 9.8-mile radius of Perry-Houston County Airport; and within a 7-mile radius of Robins AFB; and within a 8.8-mile radius of Macon Downtown Airport formerly called Herbert Smart Downtown Airport. Airspace reconfiguration is necessary due to the decommissioning of the Bay Creek NDB and cancellation of the NDB approach, and for continued safety and management of IFR operations at the airports. Also, the geographic coordinates of Macon Downtown Airport are adjusted to coincide with the FAA's aeronautical database.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of

airspace. This regulation is within the scope of that authority as it amends controlled airspace in the Macon, GA, area.

#### **Environmental Review**

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures," paragraph 311a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

#### **Lists of Subjects in 14 CFR Part 71**

Airspace, Incorporation by reference, Navigation (Air).

#### **Adoption of the Amendment:**

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:

#### **PART 71 —DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

■ 1. The authority citation for Part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

##### **§71.1 [Amended]**

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9X, **Airspace Designations and Reporting Points**, dated August 7, 2013, effective September 15, 2013, is amended as follows:

*Paragraph 6005 Class E Airspace Areas  
Extending Upward From 700 Feet or More  
Above the Surface of the Earth.*

\* \* \* \* \*

##### **ASO GA E5 Macon, GA [Amended]**

Middle Georgia Regional Airport, GA  
(Lat. 32°41'34" N., long. 83°38'57" W.)  
Macon Downtown Airport  
(Lat. 32°49'18" N., long. 83°33'43" W.)  
Robins AFB  
(Lat. 32°38'25" N., long. 83°35'31" W.)  
Perry-Houston County Airport  
(Lat. 32°30'38" N., long. 83°46'02" W.)

That airspace extending upward from 700 feet above the surface within a 7.8-mile radius of Middle Georgia Regional Airport, and within a 8.8-mile radius of Macon Downtown Airport, and within a 7-mile radius of Robins AFB, and within a 9.8-mile radius of Perry-Houston County Airport.
