

516 or digital equivalent (APHIS Remote Access Control Form).

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.0847 hours per response.

Respondents: APHIS contractors, partners, and other stakeholders.

Estimated annual number of respondents: 236.

Estimated annual number of responses per respondent: 1.

Estimated annual number of responses: 236.

Estimated total annual burden on respondents: 20 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 12th day of May 2014.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.

SUPPLEMENTARY INFORMATION:

Title: Importation of Pine Shoot Beetle Host Material From Canada.

OMB Control Number: 0579-0257.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: The Plant Protection Act (PPA, 7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States.

As authorized by the PPA, the Animal and Plant Health Inspection Service (APHIS) regulates the importation of plants for planting into the United States from certain parts of the world as provided in "Subpart—Plants for Planting" (7 CFR 319.37 through 319.37-14). This subpart restricts, among other things, the importation of living plants, plant parts, and seeds for propagation. In addition, APHIS regulates the importation of lumber and other wood articles as provided in "Subpart—Logs, Lumber, and Other Wood Articles" (7 CFR 319.40-1 through 319.40-11). This subpart lists requirements for the importation of various logs, lumber, and other unmanufactured wood products into the United States. Both subparts contain regulations that help prevent the introduction and spread of pine shoot beetle (*Tomicus piniperda*), a pest of pine trees, into noninfested areas of the United States and contain several information collection requirements, including phytosanitary certificates with an additional declaration, statements of origin and movement, and compliance agreements.

These information collection requirements were previously approved by the Office of Management and Budget (OMB) under OMB control number 0579-0257, and under the title of "Pine Shoot Beetle; Host Material From Canada." For clarity, we have revised the name of this collection to "Importation of Pine Shoot Beetle Host Material From Canada."

We are asking OMB to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.0402 hours per response.

Respondents: Christmas tree industry, nursery industry, and the national plant protection organization of Canada.

Estimated annual number of respondents: 2,340.

Estimated annual number of responses per respondent: 1.

Estimated annual number of responses: 2,340.

Estimated total annual burden on respondents: 94 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 12th day of May 2014.

Administrator, Animal and Plant Health Inspection Service.

Secretary's Advisory Committee on Animal Health; Meeting

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice of meeting.

SUMMARY: This is a notice to inform the public of an upcoming meeting of the Secretary's Advisory Committee on Animal Health. The meeting is being organized by the Animal and Plant Health Inspection Service to discuss matters of animal health.

DATES: The meeting will be held on June 18 and 19, 2014, from 9 a.m. to 5 p.m. each day.

ADDRESSES: The meeting will be held at the United States Access Board Conference Room, 1331 F Street NW., Suite 800, Washington, DC 20004.

FOR FURTHER INFORMATION CONTACT: Mrs. R.J. Cabrera, Designated Federal Officer,

VS, APHIS, 4700 River Road Unit 34, Riverdale, MD 20737.

SUPPLEMENTARY INFORMATION: The Secretary's Advisory Committee on Animal Health (the Committee) advises the Secretary of Agriculture on matters of animal health, including means to prevent, conduct surveillance on, monitor, control, or eradicate animal diseases of national importance. In doing so, the Committee will consider public health, conservation of natural resources, and the stability of livestock economies.

Tentative topics for discussion at the upcoming meeting include:

- United States and U.S. Department of Agriculture antimicrobial resistance efforts.
- Animal and Plant Health Inspection Service (APHIS) nonregulatory approaches.
- Filling gaps in foreign animal disease (FAD)/emerging pathogen preparedness.
- Emergency management and assessing foot-and-mouth disease preparedness.
- Animal disease traceability follow-up: Progress and challenges with implementation.
- Trade/regionalization review of the United States and Canada Regulatory Cooperation Council (RCC) bilateral recognition of zoning for FADs (RCC Action Plan and the FAD zoning work plan).

APHIS, which is organizing the meeting, asks that those planning to attend the meeting inform APHIS by registering in advance. To register, visit the Committee's Web site at <http://www.aphis.usda.gov/animalhealth/sacah/> and click on "Register for a Meeting." Attendees should be prepared to provide picture identification and sign the visitor log at the lobby concierge before proceeding to the United States Access Board conference room. Persons attending meetings at the Access Board are asked to refrain from using perfume, cologne, and other fragrances (see <http://www.access-board.gov/the-board/policies/fragrance-free-environment> for more information).
