Certain Vertical Shaft Engines Between 99cc and Up To 225cc, and Parts Thereof From the People's Republic of China: Initiation of Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable April 7, 2020.

FOR FURTHER INFORMATION CONTACT: Ajay Menon or Rebecca Janz, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1993 or (202) 482-2972, respectively.

SUPPLEMENTARY INFORMATION:

The Petition

On March 18, 2020, the U.S. Department of Commerce (Commerce) received a countervailing duty (CVD) petition concerning imports of certain vertical shaft engines between 99cc and up to 225cc, and parts thereof (small vertical engines) from the People's Republic of China (China) filed in proper form on behalf of Briggs and

Stratton Corporation (the petitioner).¹ The Petition was accompanied by an antidumping duty (AD) petition concerning imports of small vertical engines from China.

On March 20, 2020, Commerce requested supplemental information pertaining to certain aspects of the Petitions,² to which the petitioner filed responses on March 24, 2020.³

In accordance with section 702(b)(1) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that the Government of China (GOC) is providing countervailable subsidies, within the meaning of sections 701 and 771(5) of the Act, to producers of small vertical engines in China, and that such imports are materially injuring, or threatening material injury to, the domestic industry producing small vertical engines in the United States. Consistent with section 702(b)(1) of the Act and 19 CFR 351.202(b), for those alleged programs on which we are initiating a CVD investigation, the Petition is supported by information reasonably available to the petitioner supporting its allegations.

Commerce finds that the petitioner filed the Petition on behalf of the domestic industry because the petitioner is an interested party as defined in sections 771(9)(C) of the Act. Commerce also finds that the petitioner demonstrated sufficient industry support with respect to the initiation of the requested CVD investigation.⁴

Period of Investigation
