OMB Control No. 1513-0106

Title: Record of Operations—Importer of Tobacco Products or Processed Tobacco.

Abstract: The IRC at 26 U.S.C. 5741 requires all manufacturers and importers of tobacco products, processed tobacco, and cigarette papers and tubes, and all export warehouse proprietors to keep records as the Secretary prescribes by regulation. Under that authority, the TTB regulations in 27 CFR part 41 require importers of tobacco products or processed tobacco to maintain the usual and customary business showing the receipt and disposition of imported tobacco products or processed tobacco. TTB uses the collected information to ensure that importers' activities comply with the IRC and that processed tobacco, which is not taxed, is not diverted to taxable tobacco product manufacturing.

Current Actions: There are no program changes to this information collection, and TTB is submitting it for extension purposes only. As for adjustments, due to a change in agency estimates, TTB is decreasing the estimated number of respondents and responses to this collection. However, there is no corresponding increase in the burden hours for this collection as it consists of usual and customary business records, which impose no additional burden on respondents per the OMB regulations at 5 CFR 1320.3(b)(2).

Type of Review: Extension of a currently approved collection.

Affected Public: Businesses and other for-profits.

Estimated Annual Burden

- *Number of Respondents:* 350.
- *Average Responses per Respondent:* 1 (one).
- *Number of Responses:* 350.
- *Average Per-response and Total Burden:* None. Per the Office of

Management and Budget (OMB) regulations at 5 CFR 1320.3(b)(2), regulatory requirements to keep usual and customary business records impose no added burden on respondents).

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

OMB Control Number: 1559-0041.

Type of Review: Reinstatement of a previously approved information collection request.

Abstract: The information collection activity will garner qualitative customer and stakeholder feedback in an efficient,

timely manner, in accordance with the Administration's commitment to improving service delivery. Qualitative feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative, and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

Affected Public: Businesses and other organizations.

Estimated Number of Respondents: 10,000.

Frequency of Response: Once.

Estimated Total Number of Annual Responses: 10,000.

Estimated Time per Response: 1 hour.

Estimated Total Annual Burden Hours: 60.

Authority: 44 U.S.C. 3501 et seq.

Treasury PRA Clearance Officer.
