SUPPLEMENTARY INFORMATION:

I. What information is EPA particularly interested in?

Pursuant to PRA section 3506(c)(2)(A) (44 U.S.C. 3506(c)(2)(A)), EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.
2. Evaluate the accuracy of the Agency's estimates of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
3. Enhance the quality, utility, and clarity of the information to be collected.
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

II. What information collection activity or ICR does this action apply to?

Title: Request for Contractor Access to TSCA Confidential Business Information (CBI).

EPA ICR No.: 1250.13.

OMB Control No.: 2070–0075.

ICR Status: This ICR is currently approved through April 30, 2026. Under the PRA, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information,

unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the Code of Federal Regulations (CFR), after appearing in the **Federal Register** when approved, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers for certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: EPA procures contract support to facilitate the performance of certain duties. EPA may require contractors to handle Toxic Substances Control Act (TSCA) Confidential Business Information (CBI). Each contractor employee who will use TSCA CBI in the performance of his or her duties must be authorized for access to TSCA CBI through a multi-step process. The TSCA CBI Protection Manual (EPA Publication 7700 A2, revised October 2003) provides Federal and contractor employees with guidelines and operating procedures for handling TSCA CBI while performing their official duties, as well as the procedures to obtain authorization for access to TSCA CBI.

Specifically, for purposes of this information collection, contractor personnel must submit to EPA the EPA form titled "TSCA CBI Access Request, Agreement, and Approval" (EPA Form 7740–6). The Office of Pollution Prevention and Toxics (OPPT), uses EPA Form 7740–6 to collect information about contractor personnel so that the Agency can evaluate their suitability for access to TSCA CBI. EPA stores the information on the OPPT Chemical Information System (CIS).

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Form number(s): 7740–6.

Respondents/affected entities: Entities potentially affected by this ICR include North American Industrial Classification System (NAICS) codes 514 Information Services and 561 Administrative and Support Services.

Respondent's obligation to respond: Mandatory, per TSCA section 14 (15 U.S.C. 2613).

Estimated number of potential respondents: 288.

Frequency of response: On occasion.

Total estimated average number of responses for each respondent: 1.

Total estimated burden: 461 hours (per year). Burden is defined at 5 CFR 1320.3(b).

¹ 18 CFR 5.23(b)(2).
