

Title of Collection: High School and Beyond 2022 (HS&B:22) First Follow-up Field Test Data Collection.

OMB Control Number: 1850-0944.

Type of Review: Revision of a currently approved ICR.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 8,361.

Total Estimated Number of Annual Burden Hours: 4,072.

Abstract: The High School and Beyond Longitudinal Study of 2022 (HS&B:22) is the sixth in a series of longitudinal studies at the high school level conducted by the National Center for Education Statistics (NCES), within the Institute of Education Sciences (IES) of the U.S. Department of Education. HS&B:22 is following a nationally representative sample of ninth grade students from the start of high school in the fall of 2022 to the spring of 2026 when most will be in twelfth grade. The sample will be freshened in 2026 to create a nationally representative sample of twelfth-grade students. A high school transcript collection and additional follow-up data collections beyond high school are also planned.

A field test was conducted in fall 2019 and the first follow-up field test (F1FT) is planned for spring 2024 in preparation for the spring 2026 first follow-up full-scale study (F1FS). This submission is to request approval to conduct the HS&B:22 F1FT collection in the spring of 2024. OMB provided approval for F1FT sampling, tracking, and recruitment in March 2021 (OMB# 1850-0944 v.9).

Part A of this submission presents information on the basic design of HS&B:22. Part B discusses the statistical methods employed. Part C presents justification for the questionnaire content. Appendix A provides the communication materials to be used during state, school district, school, student, and parent F1FT recruitment and data collection activities. Appendix B provides the first follow-up field test data collection instruments.

[Docket No.: ED-2023-SCC-0139]

Agency Information Collection Activities; Comment Request; Teacher Education Assistance for College and Higher Education Grant Eligibility Regulations

AGENCY: Federal Student Aid (FSA), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing an extension without change of a currently approved information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before September 22, 2023.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2023-SCC-0139. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the www.regulations.gov site is not available to the public for any reason, the Department will temporarily accept comments at ICDocketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. Please note that comments submitted after the comment period will not be accepted. Written requests for information or comments submitted by postal mail or delivery should be addressed to the Manager of the Strategic Collections and Clearance Governance and Strategy Division, U.S. Department of Education, 400 Maryland Ave. SW, LBJ, Room 6W203, Washington, DC 20202-8240.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Beth Grebeldinger, (202) 377-4018.

SUPPLEMENTARY INFORMATION: The Department, in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden.

It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. The Department is soliciting comments on the proposed information collection request (ICR) that is described below. The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Teacher Education Assistance for College and Higher Education Grant Eligibility Regulations.

OMB Control Number: 1845-0084.

Type of Review: Extension without change of a currently approved ICR.

Respondents/Affected Public: Private Sector; Individuals or Households; State, Local, or Tribal Governments.

Total Estimated Number of Annual Responses: 233,844.

Total Estimated Number of Annual Burden Hours: 37,175.

Abstract: The College Cost Reduction and Access Act (the CCRAA), Public Law 110-84, established the Teacher Education Assistance for College and Higher Education (TEACH) Grant Program under Part A of the Higher Education Act of 1965, as amended (the HEA). The regulations for the TEACH Grant Program are in 34 CFR 686. The following sections of the TEACH Grant regulations are included in this information collection: 686.4, 686.11, 686.32, and 686.34. This is a request for an extension of the existing burden hours in OMB Control Number 1845-0084. The regulations in 686.4 require an institution that ceases to participate or becomes ineligible to participate in the TEACH Grant program during an award year to report to the Department of Education (the Department) within 45 days after the effective date of the loss of eligibility. The regulations in 686.11 establish that in addition to meeting the student eligibility requirements, in order to receive a TEACH Grant the applicant must submit the designated application, sign a TEACH Grant agreement to serve or repay (this burden is captured under OMB Control Number 1845-0083), and enroll in a TEACH Grant eligible institution. The

regulations in 686.32 require an institution to provide initial, subsequent, and exit counseling to each TEACH Grant recipient and maintain documentation substantiating the counseling requirements. The regulations in 686.34 require the institution to promptly provide written notification to a student requesting repayment of any overpayment that the institution does not have responsibility to repay. The regulations also require that the institution refer the student to the Department if the student does not take positive action to promptly resolve the TEACH Grant overpayment. In addition, in 686.34 there is conversion counseling requirements for grant recipients whose TEACH Grants are converted to Direct Unsubsidized Loans.

Opportunity for Public Comment: Bonneville Power Administration Provider of Choice Draft Policy

AGENCY: Bonneville Power Administration (BPA), Department of Energy (DOE).

ACTION: Notice of provider of choice draft policy and opportunity for public comment.

SUMMARY: As part of its Provider of Choice effort, BPA is publishing a draft policy that describes the agency's long-term power sales marketing approach for the period following the expiration of existing long-term power sales contracts on September 30, 2028. The draft policy describes the agency's products and service offerings for this next contract period and how the agency proposes to distribute the costs and benefits from its system of federal resources, which includes the Federal Columbia River Power System, the Columbia Generating Station, as well as non-federal resources and short-term purchases of power from the spot market. BPA expects to release the final policy and record of decision in early calendar year 2024, once all public comments have been reviewed. Following finalization of the policy, BPA will undertake a follow-on process

to implement the policy through negotiation and development of contracts with the goal to offer and execute new long-term contracts by late 2025. Bonneville will use the time between contract signing and the start of power deliveries on October 1, 2028, to ready systems to ensure a smooth transition between contracts.

DATES: Public comments will be accepted through October 13, 2023. BPA will hold a public meeting to present the draft policy on July 26, 2023, and a public meeting to answer clarifying questions on August 1, 2023.

ADDRESSES: Written comments must be received by October 13, 2023 to be considered in the final policy and Administrator's Record of Decision (ROD). Comments can be submitted online at <https://publiccomments.bpa.gov/> or mailed to: BPA, P.O. Box 14428, Portland, OR 97293-4428. Please call BPA at 1-800-622-4519 if you are experiencing technical difficulties uploading your comment or attachments.

[Project No. 15313-000]

Lock 9 Hydro Partners, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On May 26, 2023, Lock 9 Hydro Partners, LLC filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of a hydropower project located on the Kentucky River, in Jessamine and Madison Counties, Kentucky. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed Valley View Hydroelectric Project would consist of the following: (1) an existing 242-foot-long, 35-foot-high concrete lock and dam; (2) an existing 18.9-mile-long, 343-acre reservoir having a total capacity of 6,550-acre-feet; (3) a proposed 28.33-foot-wide, 52-foot-long, 48.8-foot-high powerhouse built into the abandoned lock containing six Voith Stream Diver submersible turbine/generating units for a total installed capacity of 3.012 megawatts; (4) a proposed 20-foot-wide, 42-foot-long control building on the adjacent shore; and (5) a proposed 2,000-foot-long, 12.47 kilovolt transmission line which interconnects to a Blue Grass Energy Cooperative distribution line. The project is estimated to generate an average of 14,000 megawatt-hours annually. The existing lock and dam are owned by the Kentucky River Authority.
