Application To Export Electric Energy; Constellation NewEnergy, Inc.

AGENCY: Office of Electricity Delivery and Energy Reliability, DOE.

ACTION: Notice of application.

SUMMARY: Constellation NewEnergy, Inc. (Applicant) has applied to renew its authority to transmit electric energy from the United States to Mexico pursuant to section 202(e) of the Federal Power Act.

DATES: Comments, protests, or motions to intervene must be submitted on or before November 19, 2014.

ADDRESSES: Comments, protests, motions to intervene, or requests for more information should be addressed to: Office of Electricity Delivery and Energy Reliability, Mail Code: OE-20,

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated by the Department of Energy (DOE) pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b), 7172(f)) and require authorization under section 202(e) of the Federal Power Act (16 U.S.C. 824a(e)).

On December 21, 2009, DOE issued Order No. EA-247-C to the Applicant, which authorized Constellation NewEnergy, Inc. to transmit electric energy from the United States to Mexico as a power marketer for a five-year term using existing international transmission facilities. That authority expires on December 21, 2014. On September 8, 2014, the Applicant filed an application with DOE for renewal of the export authority contained in Order No. EA-247-C for an additional ten-year term.

In its application, the Applicant states that it does not own or operate any electric transmission facilities, and it does not have a franchised service area. The electric energy that the Applicant proposes to export to Mexico would be surplus energy either generated by the Applicant or purchased from third parties such as electric utilities and Federal power marketing agencies pursuant to voluntary agreements. The Applicant is also requesting expedited treatment of this renewal application and issuance of an Order within 60 days to avoid any lapse in Constellation NewEnergy, Inc.'s authority to export electricity to Mexico.
