SUPPLEMENTARY INFORMATION:

A. Purpose

Homeland Security Presidential Directive (HSPD) 12 "Policy for a Common Identification Standard for Federal Employees and Contractors" requires the implementation of a governmentwide standard for secure and reliable forms of identification for Federal employees and contractors.

OMB's implementing instructions requires all contract employees requiring routine access to federally controlled facilities for greater than six (6) months to receive a background investigation. The minimum background investigation is Tier 1 and the Office of Personnel Management offers a Tier 1C for child care.

However, there is no requirement in the law or HSPD-12 that requires childcare employees to be subject to the Tier 1C since employees of childcare providers are neither government employees nor government contractors. The childcare providers are required to complete the criminal history background checks mandated in the Crime Control Act of 1990, Public Law 101-647, dated November 29, 1990, as amended by Public Law 102-190, dated December 5, 1991. These statutes require that each employee of a childcare center located in a Federal building or in leased space must undergo a background check.

According to GSA policy, childcare workers (as described above) will need to submit the following:

1. An original signed copy of a *Basic National Agency Check Criminal History*, GSA Form 176; and
2. Two sets of fingerprints on FBI Fingerprint Cards, for SF-87 and/or electronic prints from an enrollment center.
3. Electronically submit the e-qip (SF85) application for completion of the Tier 1C.

This is not a request to collect new information; this is a request to change the form that is currently being used to collect this information.

B. Annual Reporting Burden

Respondents: 1,200.

Responses per Respondent: 1.

Hours per Response: 1.

Total Burden Hours: 1,200.

C. Public Comments

Public comments are particularly invited on: Whether this collection of information is necessary and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected.

Obtaining Copies of Proposals: Requesters may obtain a copy of the information collection documents from the GSA Regulatory Secretariat Division, by calling 202-501-4755 or emailing GSARegSec@gsa.gov. Please cite

SUPPLEMENTARY INFORMATION:

A. Purpose

The CDP Supply Chain Climate Change Information Request is an electronic questionnaire designed to collect information that is widely used by large private and public sector organizations to understand, assess, and mitigate potentially disruptive and costly supply chain risks, investment risks, and environmental impacts. The questionnaire is administered by CDP North America, Inc., a 501(c)(3) nonprofit organization ("CDP"). CDP administers the questionnaire annually on behalf of over 700 institutional investors, 300 major corporations, and several large governmental purchasing organizations in addition to GSA. CDP's most recent annual survey was directed to over 40,000 companies, with over 23,000 electing to respond.

Under previously approved information collection requests, GSA has directed CDP since 2017 to include several hundred major Federal contractors annually among its potential survey respondents. In accordance with 31 U.S.C. 3512(c)(1)(b), GSA uses information received from these companies via CDP to inform and develop purchasing policies and contract requirements necessary to safeguard Federal assets against waste, loss, and misappropriation resulting from unmitigated exposure to physical, market, regulatory, legal, and other types of risks in Federal supply chains. GSA also uses the information in accordance with Executive Orders 13990, 14008, 14030, and 14057 to inform development of policies and programs to reduce similar risks and environmental impacts associated with federal procurement activities.

For example, GSA has used CDP information in recent years to perform critical market research in connection with multi-billion-dollar strategic contracting efforts. In one case, GSA determined that data center facilities used by potential network infrastructure providers could be at risk due to flooding, extreme heat, or lack of available cooling water sources, placing Federal client operations at risk. In another case, GSA used information from the CDP survey to research potential contractors' existing risk
