#### **SUPPLEMENTARY INFORMATION:**

##### **A. Purpose**

This information requirement consists of reports that do not impose collection burdens upon the public. These collections require information which is already available to the public at large or that is routinely exchanged by firms during the normal course of business. A general control number for these collections decreases the amount of paperwork generated by the approval process.

GSA has published rules in the **Federal Register** that fall under information collection 3090-0250. The rule that prescribed clause 552.238-70 "Identification of Electronic Office Equipment Providing Accessibility for the Handicapped" was published at 56 FR 29442, June 27, 1991, titled "Implementation of Public Law 99-506", with an effective date of July 8, 1991; and Clause 552.238-74 "Industrial Funding Fee and Sales Reporting" published at 68 FR 41286, July 11, 2003.

##### **B. Annual Reporting Burden**

None.

#### **Proposed Project**

Workplace Violence Prevention Programs in NJ Healthcare Facilities—New—National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention (CDC).

The long-term goal of the proposed project is to reduce violence against healthcare workers. The objective of the proposed study is two-fold: (1) To examine healthcare facility compliance with the New Jersey Violence Prevention in Health Care Facilities Act, and (2) to evaluate the effectiveness of the regulations in this Act in reducing assault injuries to workers. Our central hypothesis is that facilities with high compliance with the regulations will have lower rates of employee violence-related injury. First, we will conduct face-to-face interviews with the chairs of the Violence Prevention Committees who are in charge of overseeing compliance efforts. The purpose of the interviews is to measure compliance to the state regulations (violence prevention policies, reporting systems
