## DEPARTMENT OF COMMERCE

### Submission For OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* U.S. Census Bureau.

*Title:* 2002 New York City Housing and Vacancy Survey.

*Form Number(s):* H-100, H-105, H-108, H-100(L), H-100(L)A.

*Agency Approval Number:* 0607-0757.

*Type of Request:* Reinstatement, with change, of an expired collection.

*Burden:* 11,200 hours.

*Number of Respondents:* 17,200.

*Avg Hours Per Response:* 35 minutes.

*Needs and Uses:* The Census Bureau plans to conduct the 2002 New York City Housing and Vacancy Survey (NYCHVS) under contract for the City of New York. The purpose of the survey is to measure the supply, condition, and vacancy rate of housing in the City. Vacancy rate is the primary factor in determining the continuation of rent control regulations. Other survey information is used by city and state agencies for planning purposes as well as the private sector for business decisions. The laws of New York require such a survey to be conducted every three years.

Census Bureau interviewers will conduct personal visit interviews at a sample of housing units in the city, the vast majority of which are apartments in apartment buildings. Basic demographic information will be collected from residents along with information about living conditions (rent, facilities,

maintenance, neighborhood, etc.). This information will be collected from rental agents or other knowledgeable persons in the case of vacant units. A small number of reinterviews with agents or landlords will be conducted for quality assurance purposes. We will also determine, by observation only, if a sample of units known to have been lost to the housing inventory have been reconverted for residential use.

*Affected Public:* Individuals or households, Businesses or other for-profit.

*Frequency:* Every 3 years.

*Respondent's Obligation:* Voluntary.

*Legal Authority:* Title 13 U.S.C., Section 8b.

*OMB Desk Officer:* Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, room 6086, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at mclayton@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: June 28, 2001.

## DEPARTMENT OF COMMERCE

### Foreign-Trade Zones Board

[Docket 27-2001]

#### Foreign-Trade Zone 158—Jackson, MS; Application for Subzone Status, Nissan North America, Inc., Plant (Motor Vehicles), Canton, MS

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Vicksburg-Jackson Foreign-Trade Zone, Inc., grantee of FTZ 158, requesting special-purpose subzone status for the motor vehicle manufacturing plant of Nissan North America, Inc. (NNA) (a subsidiary of Nissan Motor Co., Ltd., of Japan) located in Canton, Mississippi. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR

Part 400). It was formally filed on June 26, 2001.

The NNA plant (1,350 acres/ 2.6 million sq.ft.) is to be located on Nissan Drive adjacent to U.S. Highway 51 in Canton (Madison County), Mississippi, some 20 miles north of Jackson. The facility, currently under construction, will be used to produce light-duty passenger vehicles (pickup trucks, sport utility vehicles, minivans) for export and the domestic market. At full capacity, the facility (up to 4,000 employees) will manufacture up to approximately 250,000 vehicles annually. Components to be purchased from abroad (approximately 44% of material value) would include: engines and parts of engines, labels, body parts and trim, fasteners, catalytic converters, parts of steering systems, brake fittings, half shafts, transmissions and parts of transmissions, differentials, bearings and bearing housings, flywheels/pulleys, wiring harnesses, handles/knobs, gaskets, fasteners, carpet sets, windshields and windows, springs, relays, and switches (duty rate range: free-8.6%). Engines and transmissions would be sourced from NNA's production facility in Dechard, Tennessee (Subzone 78A-Site 2), which is currently undergoing a capital expansion for this activity. The application indicates that NNA's domestic sourcing will increase in the future.

FTZ procedures would exempt NNA from Customs duty payments on the foreign components used in export production (forecasted to be 6% of shipments). On its domestic sales and exports to NAFTA countries, NNA would be able to choose the duty rate that applies to finished passenger vehicles (2.5%) for the foreign inputs noted above that have higher rates. Customs duties would be deferred and possibly reduced on foreign status production equipment. The application indicates that subzone status would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is September 4, 2001. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to September 17, 2001).
