Notice of Final Results of Antidumping Duty Changed Circumstances Review: Stainless Steel Bar From Spain

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On October 26, 2016, the Department of Commerce (the “Department”) published the notice of initiation and preliminary results of the changed circumstances review of the antidumping duty (“AD”) order on stainless steel bar (“SSB”) from Spain. The Department preliminarily determined that Sidenor Aceros Especiales S.L. (“Sidenor”) is the successor-in-interest to Gerdau Aceros Especiales Europa S.L. (“Gerdau”) for purposes of the AD order and, as such, is entitled to Gerdau’s cash deposit rate with respect to entries of subject merchandise. We invited interested parties to comment on the *Preliminary Results*. As no parties submitted comments, and there is no additional information or evidence on the record, the Department is making no changes to the *Preliminary Results*.

DATES: Effective December 2, 2016.

FOR FURTHER INFORMATION CONTACT: Ryan Mullen, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–5260.

SUPPLEMENTARY INFORMATION:

Background

On September 6, 2016, Sidenor informed the Department that, effective May 20, 2016, the following occurred: (1) Gerdau S.A., the Brazilian owner of Gerdau Holdings Europa S.A.U., including its Spanish subsidiary company Gerdau, sold its European holdings to Clerbil S.L.; and (2) Clerbil S.L. renamed Gerdau Holdings Europa S.A.U. to be Sidenor Holdings Europa S.A.U.; and Gerdau, to be Sidenor, while leaving its operations mostly unchanged.¹ Citing section 751(b) of the Tariff Act of 1930, as amended (“the Act”) and 19 CFR 351.216, Sidenor requested that the Department initiate a changed circumstances review and determine that Sidenor is the successor-in-interest to Gerdau. On

October 26, 2016, the Department initiated this changed circumstances review and published the notice of preliminary results, determining that Sidenor is the successor-in-interest to Gerdau.²

Scope of the Order

The merchandise subject to the order is SSB. The term SSB with respect to the order means articles of stainless steel in straight lengths that have been either hot-rolled, forged, turned, cold-drawn, cold-rolled or otherwise cold-finished, or ground, having a uniform solid cross section along their whole length in the shape of circles, segments of circles, ovals, rectangles (including squares), triangles, hexagons, octagons or other convex polygons. SSB includes cold-finished SSBs that are turned or ground in straight lengths, whether produced from hot-rolled bar or from straightened and cut rod or wire, and reinforcing bars that have indentations, ribs, grooves, or other deformations produced during the rolling process. Except as specified above, the term does not include stainless steel semi-finished products, cut length flat-rolled products (*i.e.*, cut length rolled products which if less than 4.75 mm in thickness have a width measuring at least 10 times the thickness, or if 4.75 mm or more in thickness having a width which exceeds 150 mm and measures at least twice the thickness), wire (*i.e.*, cold-formed products in coils, of any uniform solid cross section along their whole length, which do not conform to the definition of flat-rolled products), and angles, shapes and sections. The SSB subject to the order is currently classifiable under subheadings 7222.10.00, 7222.11.00, 7222.19.00, 7222.20.00, 7222.30.00 of the Harmonized Tariff Schedule of the United States (“HTSUS”). Although the HTSUS subheading is provided for convenience and customs purposes, our written description of the scope of this investigation is dispositive.³

Final Results of Changed Circumstances Review

Because no party submitted a case brief in response to the Department’s *Preliminary Results*, and because the record contains no other information or evidence that calls into question the *Preliminary Results*, the Department

This case deposit requirement shall remain in effect until further notice.

Michael A. Sturtevant at (301) 427-8799 or Michael.A.Sturtevant@noaa.gov.

SUPPLEMENTARY INFORMATION: On July 28, 2005, NMFS published a **Federal Register** document (69 FR 67100) proposing regulations to implement an industry fee system for repaying the reduction loan. The final rule was published September 16, 2005 (70 FR 54652) and fee collection began on October 17, 2005. Interested persons should review these for further program details.

The Aleutian Island Golden (Brown) King crab sub-loan of the Bering Sea and Aleutian Islands (BSAI) King and Tanner Crab Capacity Reduction (Buyback) loan in the amount of \$6,380,837.19 will be repaid in full upon receipt of buyback fees on landings through October 31, 2016. Buyback fees not yet forwarded to NMFS for Aleutian Island Golden (Brown) King crab landings through October 31, 2016, should be forwarded to NMFS immediately. Any overpayment of buyback fees submitted to NMFS will be refunded on a pro-rata basis to the fish buyers/processors based upon best available fish ticket landings data. The fish buyers/processors should return excess buyback fees collected to the harvesters, including buyback fees collected but not yet remitted to NMFS for landings after October 31, 2016. Any discrepancies in fees owed and fees paid must be resolved immediately.

After the sub-loan is closed, no further adjustments to fees paid and fees received can be made.
