

and claims 2, 6 and 12 of the '526 patent based on Centripetal's partial withdrawal of the complaint. Order No. 27 (Jan. 27, 2023), *unreviewed by* Comm'n Notice (Feb. 24, 2023); Order No. 39 (Feb. 27, 2023), *unreviewed by* Comm'n Notice (Mar. 29, 2023).

Accordingly, at the time of the evidentiary hearing, claims 22 and 43 of the '370 patent, claims 11 and 20 of the '917 patent, and claims 1, 3, 11, 13, and 16 of the '526 patent remained at issue.

On September 26, 2022, the ALJ conducted a *Markman* hearing. On February 22, 2023, the ALJ issued a claim construction order. Order No. 37 (Feb. 22, 2023). The ALJ held an evidentiary hearing on March 1–3 and 6–7, 2023.

On August 8, 2023, the ALJ issued the Final ID finding no violation of section 337 with respect to any asserted patent. Specifically, the Final ID finds that: (1) with respect to the '370 patent, claims 22 and 43 are not infringed and are invalid for being directed to unpatentable subject matter under 35 U.S.C. 101, and the technical prong of the domestic industry requirement is not satisfied; (2) with respect to the '917 patent claims 11 and 20 are infringed and the technical prong of the domestic industry requirement is satisfied, but the asserted claims are invalid as obvious under 35 U.S.C. 103; and (3) with respect to the '526 patent, claims 1, 3, 11, 13, and 16 of the '526 patent are not infringed and are invalid as anticipated under 35 U.S.C. 102, but the technical prong of the domestic industry requirement is satisfied. Finally, the Final ID finds that Centripetal has satisfied the economic prong of the domestic industry requirement under Section 337(a)(3)(A) and (B) with respect to each of the asserted patents.

The ALJ recommended that, if the Commission were to find a violation of section 337, the Commission should issue a limited exclusion order and cease and desist order with respect to Keysight. The ALJ also recommended that, should a violation be found, the bond rate be set at a 100 percent of entered value of the products imported during the period of Presidential review.

On August 14, 2023, the Commission requested comments from the public and interested government agencies regarding any public interest issues raised by the ALJ's recommended determination on remedy and bonding. 88 FR 55067–68 (Aug. 14, 2023). The Commission received no comments from the public or government agencies. On September 7, 2023, Centripetal and Keysight provided comments on the public interest pursuant to Commission Rule 210.50(a)(4). 19 CFR 210.50(a)(4).

On August 23, 2023, Centripetal filed a petition for review challenging the Final ID's findings that: (1) the '370 patent claims are not infringed or invalid for being directed to unpatentable subject matter, and that the technical prong of the domestic industry requirement is not satisfied as to that patent; (2) the '917 patent claims are invalid for obviousness; and (3) the '526 claims are not infringed and invalid for anticipation. On September 1, 2023, Keysight and OUII filed responses opposing the petition for review.

Having examined the record of this investigation, including the ALJ's Final ID, the petitions for review, and the responses thereto, the Commission has determined to review the Final ID in part and, on review, to affirm the Final ID's finding of no violation. Specifically, the Commission reviews the Final ID's finding that Centripetal waived its argument that the Check Point R77.30 prior art software does not satisfy the limitation "creat[ing] the list of the identification data based on the received at least one list of network addresses and/or domain names" in claims 3 and 13 of the '526 patent. The Final ID finds waiver because Centripetal failed to contest that limitation in its prehearing brief. *Id.* at 203–204. Centripetal, however, showed that it argued in its prehearing brief that the Application and URL Filter do not satisfy the claim language because that functionality is performed after decryption. Pet. at 76. Accordingly, the Commission determines to review the Final ID's finding of waiver, and, on review, finds that Centripetal did not waive its argument.

The Commission, however, determines to affirm under modified reasoning the Final ID's finding that Check Point R77.30 satisfies the limitation "creat[ing] the list of the identification data based on the received at least one list of network addresses and/or domain names." In addition to the reasons found in the Final ID, and as argued by OUII, the Application and URL Filter satisfy the claim language because the filter uses category-based rules based on a subscription service to determine what traffic to decrypt and inspect. See RX–0529.0039–41 (describing a HTTPS inspection policy with rules that use subscription-service categories to inspect traffic); *id.* at .0035 (explaining that HTTPS inspection involves decrypting data, inspecting the clear text, and re-encrypting the data).

The Commission has also determined to review the Final ID's finding that the economic prong of the domestic industry requirement is satisfied. On

review, the Commission has determined to take no position as to whether the economic prong of the domestic industry requirement is satisfied.

The Commission has determined not to review the remainder of the Final ID. Consequently, the Commission finds no violation of section 337 with respect to any asserted patent. This investigation is hereby terminated with a finding of no violation of section 337.

The Commission vote for this determination took place on December 5, 2023.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

Boltless Steel Shelving Units Prepackaged for Sale From India, Malaysia, Taiwan, Thailand, and Vietnam; Scheduling of the Final Phase of Antidumping Duty Investigations

AGENCY: International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice of the scheduling of the final phase of antidumping investigation Nos. 731–TA–1607–1611 (Final) pursuant to the Tariff Act of 1930 ("the Act") to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of imports of boltless steel shelving units prepackaged for sale ("boltless steel shelving") from India, Malaysia, Taiwan, Thailand, and Vietnam, provided for in subheading 9403.20.00 of the Harmonized Tariff Schedule of the United States. The Department of Commerce ("Commerce") has preliminarily determined imports of boltless steel shelving from Malaysia, Taiwan, Thailand, and Vietnam to be sold at less-than-fair value. In addition, Commerce has made negative

preliminary determinations of sales at less-than-fair value in the antidumping duty investigation on boltless steel shelving from India.

SUPPLEMENTARY INFORMATION:

Scope.—For purposes of these investigations, Commerce has defined the subject merchandise as “boltless steel shelving units prepackaged for sale, with or without decks (boltless steel shelving). The term “prepackaged for sale” means that, at a minimum, the steel vertical supports (*i.e.*, uprights and posts) and steel horizontal supports (*i.e.*, beams, braces) necessary to assemble a completed shelving unit (with or without decks) are packaged together for ultimate purchase by the end-user. The scope also includes add-on kits. Add-on kits include, but are not limited to, kits that allow the end-user to add an extension shelving unit onto an existing boltless steel shelving unit such that the extension and the original unit will share common frame elements (*e.g.*, two posts). The term “boltless” refers to steel shelving in which the vertical and horizontal supports forming the frame are assembled primarily without the use of nuts and bolts, or screws.”¹

Background.—The final phase of these investigations is being scheduled, pursuant to section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)), as a result of affirmative preliminary determinations by Commerce that imports of boltless steel shelving units prepackaged for sale from Malaysia, Taiwan, Thailand, and Vietnam are

being sold in the United States at less than fair value within the meaning of § 733 of the Act (19 U.S.C. 1673b). The investigations were requested in petitions filed on April 25, 2023, by Edsal Manufacturing Co., Inc., Chicago, Illinois.

For further information concerning the conduct of this phase of the investigations, hearing procedures, and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

Although Commerce has preliminarily determined that imports of boltless steel shelving units prepackaged for sale from India are not being and are not likely to be sold in the United States at less than fair value, for purposes of efficiency the Commission hereby waives rule 207.21(b)² so that the final phase of the investigations may proceed concurrently in the event that Commerce makes a final affirmative determinations with respect to such imports.

Participation in the investigations and public service list.—Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the final phase of these investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in § 201.11 of the Commission's rules, no later than 21 days prior to the hearing date specified in this notice. A party that filed a notice of appearance during the preliminary phase of the investigations need not file an additional notice of appearance during this final phase. Filings must be made through the Commission's Electronic Document Information System (EDIS, <https://edis.usitc.gov>.) Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.—Pursuant to

§ 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in the final phase of these investigations available to authorized applicants under the APO issued in the investigations, provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the investigations. A party granted access to BPI in the preliminary phase of the investigations need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report.—The prehearing staff report in the final phase of these investigations will be placed in the nonpublic record on March 26, 2024, and a public version will be issued thereafter, pursuant to § 207.22 of the Commission's rules.
