## DEPARTMENT OF JUSTICE

**[AAG/A Order No. 018-2005]**

### Privacy Act of 1974; Modification of System of Records

Pursuant to the provisions of the  
Privacy Act of 1974, 5 U.S.C. 552a,  
notice is given that the Department of  
Justice proposes to modify the  
Departmentwide system of records  
entitled, "Department of Justice  
Regional Data Exchange System  
(RDEX)" DOJ-012, previously published  
in full text in the **Federal Register** on  
July 11, 2005 (70 FR 39790).

This system is being modified as  
follows:

(1) The Categories Of Individuals  
Covered By The System And The  
Categories Of Records In The System are  
being modified to reflect that  
information in RDEX that originated  
with the Bureau of Alcohol, Tobacco,  
Firearms, and Explosives (ATF), the  
Drug Enforcement Administration  
(DEA), and the Federal Bureau of  
Investigation (FBI) will no longer be  
limited to information from the State of  
Washington field offices of those  
components. This modification is  
necessary due to the expansion of the  
RDEX pilot project to include other  
regional sharing initiatives;

(2) The Purpose Of the System is  
being modified to reflect that in  
addition to consolidating certain law  
enforcement information from other  
Department of Justice systems, in some  
instances RDEX will include  
information from such other systems  
that has been structured in order to  
facilitate sharing initiatives; and

(3) The System Managers and  
Addresses portion of the notice is being  
modified to reflect that requests for  
information about the RDEX system  
generally should be sent to the FBI  
rather than the Chief Information  
Officer, Justice Management Division, as  
it was subsequently determined that the  
FBI would serve as the system and  
security administrator for RDEX.

The RDEX system is part of the  
Department's Law Enforcement  
Information Sharing Program (LEISP).  
The expansion of the RDEX pilot

program to include other regional  
sharing initiatives and the concomitant  
modifications to the RDEX system  
notice to reflect such expansion serve to  
further the LEISP's principal purpose of  
ensuring that Department of Justice  
criminal law enforcement information is  
available for users at all levels of  
government so that they can more  
effectively investigate, disrupt, and  
deter criminal activity, including  
terrorism, and protect the national  
security.

The Department is providing a report  
of this modification to OMB and  
Congress.

Dated: November 22, 2005.

**Paul R. Corts,**

*Assistant Attorney General for  
Administration.*

### DOJ-012

#### SYSTEM NAME:

Department of Justice Regional Data  
Exchange System (RDEX).

\* \* \* \* \*

#### CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Individuals covered by this system  
include individuals who are referred to  
in potential or actual cases or matters of  
concern to the Federal Bureau of Prisons  
(BOP), the United States Marshals  
Service (USMS), the Bureau of Alcohol,  
Tobacco, Firearms, and Explosives  
(ATF), the Drug Enforcement  
Administration (DEA), and the Federal  
Bureau of Investigation (FBI). Because  
the system contains audit logs regarding  
queries, individuals who use the system  
to conduct such queries are also  
covered.

#### CATEGORIES OF RECORDS IN THE SYSTEM:

The system consists of unclassified  
criminal law enforcement records  
collected and produced by the BOP, the  
USMS, the ATF, the DEA, and the FBI,  
including: investigative reports and  
witness interviews from both open and  
closed cases; criminal event data (e.g.,  
characteristics of criminal activities and  
incidents that identify links or patterns);  
criminal history information (e.g.,  
history of arrests, nature and disposition  
of criminal charges, sentencing,  
confinement, and release); and  
identifying information about criminal  
offenders (e.g., name, address, date of  
birth, birthplace, physical description).  
The system also consists of audit logs  
that contain information regarding  
queries made of the system.

\* \* \* \* \*

#### PURPOSE OF THE SYSTEM:

This system is maintained for the  
purpose of ensuring that Department of

Justice criminal law enforcement information is available for users at all levels of government so that they can more effectively investigate, disrupt, and deter criminal activity, including terrorism, and protect the national security. RDEX furthers this purpose by consolidating, and in some instances structuring, certain law enforcement information from other Department of Justice systems in order that it may more readily be available for sharing with other law enforcement entities.
