DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Health Resources and Services Administration (HRSA) publishes abstracts of information collection requests under review by the Office of Management and Budget (OMB), in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the clearance requests submitted to

OMB for review, call the HRSA Reports Clearance Office on (301) 443-1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Ryan White CARE Act Dental Reimbursement Program (OMB No. 0915-0151)—Revision

The Dental Reimbursement Program (DRP) under Part F of the Ryan White CARE Act offers grants to accredited dental schools and programs that provide non-reimbursed oral health care to patients with HIV disease. The Ryan White CARE Act Amendments of 2000 expanded eligibility of this program to accredited schools of dental hygiene, in addition to previously funded schools of dentistry and post-doctoral dental education programs.

HRSA is revising the DRP Application that schools and programs use to apply for funding of non-reimbursed costs incurred in providing oral health care to patients with HIV. Awards are authorized under section 2692 of the Public Health Service Act (42 U.S.C. 300ff-111). The DRP Application will collect data in three different areas: Program information, patient demographics and services, and reimbursement and funding. It also

requests applicants to provide narrative descriptions of their services and facilities, as well as their links and collaboration with community-based providers of oral health services.

The primary purpose of collecting this information annually, as part of the DRP Application, is to verify eligibility and determine the reimbursement amount each applicant should receive. This information also allows HRSA to learn about (1) The extent of the involvement of dental schools and programs in treating patients with HIV, (2) the number and characteristics of clients who receive CARE Act-supported oral health services, (3) the types and frequency of the provision of these services, (4) the non-reimbursed costs of oral health care provided to patients with HIV, and (5) how applicants intend to use DRP funds once they are received. In addition to meeting the goal of accountability to Congress, clients, advocacy groups, and the general public, information collected in the DRP Application is critical for HRSA, State and local grantees, and individual providers, to help assess the status of existing HIV-related health service delivery systems.

The estimated reporting burden is as follows:

Collection	Number of respondents	Hours per application	Total burden hours
Reimbursement Request	125	20	2500

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: John Kraemer, Health Resources and Services Administration, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: February 11, 2005.

Tina M. Cheatham,

Director, Division of Policy Review and Coordination.
