

stages that inhabit the lower Tuolumne River. Fish collected for this project may potentially include ESA-listed CCV steelhead. Up to 50 juvenile O. mykiss will be collected from the Tuolumne River during summer months (June–September) of each year using beach seine methods between La Grange powerhouse (RM 52.2) and Roberts Ferry Bridge (RM 39.5). Individual test fish will be placed in Brett swim tubes and tested for physiological performance, measuring both a routine, or resting (minimum) respiratory rate and a swimming (maximum) respiratory rate at a single test temperature. Test fish would be allowed to fully recover prior to release to the lower Tuolumne River.

RIN 0648–XC494

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to an Exploration Drilling Program in the Chukchi Sea, Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; proposed incidental harassment authorization; extension of comment period.

SUMMARY: On February 22, 2013, NMFS announced notice of its proposed issuance of an Incidental Harassment Authorization (IHA) to ConocoPhillips Company (COP) to take small numbers of marine mammals, by harassment, incidental to conducting offshore exploration drilling on Outer Continental Shelf (OCS) leases in the Chukchi Sea, Alaska. Written comments were due by March 25, 2013. Under the unique circumstances of the timing of the publication of the **Federal Register** notice relative to several related meetings and other Federal review processes related to this action, NMFS has decided to extend the public comment period by 45 days, to May 9, 2013.

DATES: The public comment period for this action has been extended from

March 25 to May 9, 2013. Written comments and information must be received no later than May 9, 2013.

ADDRESSES: Comments on the application should be addressed to Michael Payne, Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910. The mailbox address for providing email comments is ITP.Nachman@noaa.gov. NMFS is not responsible for email comments sent to addresses other than the one provided here. Comments sent via email, including all attachments, must not exceed a 25-megabyte file size.

Instructions: All comments received are a part of the public record and will generally be posted to <http://www.nmfs.noaa.gov/pr/permits/incidental.htm> without change. All Personal Identifying Information (for example, name, address, etc.) voluntarily submitted by the commenter may be publicly accessible. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Candace Nachman, Office of Protected Resources, NMFS, (301) 427–8401.

SUPPLEMENTARY INFORMATION: On February 22, 2013, NMFS announced notice of its proposed issuance of an IHA to COP to take small numbers of marine mammals, by harassment, incidental to conducting offshore exploration drilling on OCS leases in the Chukchi Sea, Alaska, during the 2014 open-water season (78 FR 12542). NMFS convened its annual Open Water Meeting in Anchorage, Alaska, during the public comment period for this action, thus taking away from review time. Moreover, additional Federal agency reviews and documents are being released during this time. The request for additional time on the comment period noted having the ability to review these documents will aid in the review of this proposed IHA notice. Furthermore, this is the first time NMFS is proposing to issue an IHA in the U.S. Chukchi Sea for exploratory drilling with a jack-up rig. NMFS does not anticipate that the comment period extension will delay its decision of whether to issue an IHA.

NMFS refers the reader to the February 22, 2013, **Federal Register** notice (78 FR 12542) for background information concerning the proposed IHA. The information in the Notice of Proposed IHA is not repeated here. For additional information about the IHA application and associated documents, please visit the Web site at: <http://www.nmfs.noaa.gov/pr/permits/incidental.htm>

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC–2009–0044]

Submission for OMB Review; Comment Request: Safety Standard for Cigarette Lighters

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: Pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Consumer Product Safety Commission (Commission or CPSC) announces that it has submitted to the Office of Management and Budget (OMB) a request for extension of approval of a collection of information associated with the Commission's safety standard for cigarette lighters, 16 CFR part 1210.

DATES: Written comments on this request for extension of approval of information collection requirements should be submitted by April 29, 2013.

ADDRESSES: OMB recommends that written comments on the information collection be faxed to the Office of Information and Regulatory Affairs, OMB, Attn: CPSC Desk Officer, FAX: 202–395–6974, or emailed to oir_submission@omb.eop.gov. All comments should be identified by Docket No. CPSC–2009–0044. In addition, written comments also should be submitted at <http://www.regulations.gov>, under Docket No. CPSC–2009–0044, or by mail/hand delivery/courier (for paper, disk, or CD–ROM submissions), preferably in five copies, to: Office of the Secretary, U.S. Consumer Product Safety Commission, Room 820, 4330 East West Highway, Bethesda, MD 20814; telephone (301) 504–7923. For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Robert H. Squibb, U.S. Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; telephone: 301–504–7923 or by email to rsquibb@cpsc.gov.

SUPPLEMENTARY INFORMATION: In the *Federal Register* of January 14, 2013 (78 FR 2662), the CPSC published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35) to announce the agency's intention to seek extension of approval of the collection of information required in the Safety Standard for Cigarette Lighters, 16 CFR part 1210. One comment was received in response to that notice. The commenter stated: "The survey does not have to be done every year" and added that the new cigarette lighters coming into the market cannot be "any different than the ones that have been manufactured for the past 100 years." The testing requirements, as well as the recordkeeping and reporting requirements, are set forth under the standard, 16 CFR part 1210, Subpart B. Before any manufacturer or importer of lighters distributes any lighter in commerce in the United States, new lighters and comparable models of cigarette lighters (called surrogate) must be tested to verify that all such models of lighters are resistant to the operation by children younger than 5 years of age. The burden hours estimates were based on the number of new models (13) and comparable models (132) submitted by manufacturers and importers of lighters to the CPSC in 2012. The Commission announces in this notice that CPSC has submitted to the OMB a request for extension of approval of that collection of information without change.

CPSC staff estimates that the total number of responses will be 145 per year (13 tested + 132 comparisons). The total number of hours consumed for these responses would be 1,826 hours per year, including new model tests (1,170 hours if done in-house), new model recordkeeping (260 hours), and recordkeeping for comparable models (396 hours). The Commission estimates the total cost for firms to test, and prepare, maintain, and submit records to the CPSC in compliance with the lighter regulation would be in the range of \$90,379 to \$278,132, depending upon the test method chosen.

The estimated total cost of this collection to the federal government is \$344,618.

Dated: March 25, 2013.

Todd A. Stevenson,
Secretary, Consumer Product Safety Commission.
