

as described in this notice. Regulations governing the Atlantic herring fishery require publication of this notification to advise vessel and dealer permit holders that no TAC is available for the directed fishery for Atlantic herring harvested from Area 1B.

DATES: Effective 0001 hrs local time, December 8, 2004, through 2400 hrs local time, December 31, 2004.

FOR FURTHER INFORMATION CONTACT: Don Frei, Fisheries Management Specialist, at (978) 281-9221.

SUPPLEMENTARY INFORMATION:

Regulations governing the Atlantic herring fishery are found at 50 CFR part 648. The regulations require annual specification of optimum yield, domestic and foreign fishing, domestic and joint venture processing, and management area TACs. The 2004 TAC allocated to Area 1B (69 FR 17980, April 6, 2004) is 10,000 mt.

The regulations at 50 CFR 648.202 require the Administrator, Northeast Region, NMFS (Regional Administrator) to monitor the Atlantic herring fishery in each of the four management areas designated in the Fishery Management Plan for the Atlantic Herring Fishery and, based upon dealer reports, state data, and other available information, to determine when the harvest of Atlantic herring is projected to reach 95 percent of the TAC allocated. When such a determination is made, NMFS is required to publish notification in the **Federal Register** notifying vessel and dealer permit holders that, effective upon a specific date, vessels may not fish for, catch, possess, transfer or land more than 2,000 lb (907.2 kg) of herring per trip or calendar day in or from the specified management area for the remainder of the closure period. The Regional Administrator has determined, based upon dealer reports and other available information, that 95 percent of the total Atlantic herring TAC allocated to Area 1B for the 2004 fishing year is projected to be harvested by 0001 hrs local time, December 8, 2004. Therefore, effective 0001 hrs local time, December 8, 2004, federally permitted vessels may not fish for, catch, possess, transfer or land more than 2,000 lb (907.2 kg) of Atlantic herring in or from Area 1B per trip or calendar day through December 31, 2004; except a vessel may transit, or land herring in Area 1B with more than 2,000 lb (907.2 kg) of herring on board, provided such herring were not caught in Area 1B, and provided all fishing gear is stowed and not available for immediate use as required by § 648.23(b). Effective, 0001 hrs local time, December 8, 2004, federally permitted dealers are also advised that

they may not purchase Atlantic herring from federally permitted Atlantic herring vessels that harvest more than 2,000 lb (907.2 kg) of Atlantic herring from Area 1B through December 31, 2004, 2400 hrs local time.

Classification

This action is required by 50 CFR part 648 and is exempt from review under E.O. 12866.

Authority: Authority: 16 U.S.C. 1801 *et seq.*

Dated: December 3, 2004.

Bruce C. Morehead

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 031124287-4060-02; I.D. 120204A]

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod by Catcher Processor Vessels Using Hook and Line Gear in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific cod by catcher processor vessels using hook and line gear in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 2004 total allowable catch (TAC) of Pacific cod allocated to catcher processor vessels using hook and line gear in the BSAI.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), December 4, 2004, through 2400 hrs, A.l.t., December 31, 2004.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S.

vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2004 TAC of Pacific cod allocated to catcher processor vessels using hook and line gear in the BSAI is 97,795 metric tons as established by the 2004 final harvest specifications for groundfish in the BSAI (69 FR 9242, February 27, 2004) and subsequent reallocations on October 15 (69 FR 61607, October 20, 2004) and November 26 (69 FR 69828, December 1, 2004). See § 679.20(c)(3)(iii), § 679.20(c)(5), and § 679.20(a)(7)(i)(A) and (C).

In accordance with § 679.20(d)(1)(iii), the Administrator, Alaska Region, NMFS, has determined that the 2004 TAC of Pacific cod allocated to catcher processor vessels using hook and line gear in the BSAI will soon be reached. Consequently, NMFS is prohibiting directed fishing for Pacific cod by catcher processor vessels using hook and line gear in the BSAI.

After the effective date of this closure the maximum retainable amounts at 50 CFR 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of Pacific cod allocated to catcher processor vessels using hook and line gear in the BSAI.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: December 2, 2004.

Anne M. Lange,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
