Reynolds Channel is transited by commercial fishing and recreational vessel traffic.

Under this temporary deviation, the Long Beach Bridge may remain in the closed position between 9:30 p.m. on June 27, 2015 and 12:00 a.m. on June 28, 2015 (rain date June 28, 2015).

There is no alternate route for vessel traffic; however, vessels that can pass under the closed draws during this closure may do so at any time. The bridge will be able to open in the event of an emergency.

The Coast Guard will inform the users of the waterway through our Local and Broadcast Notice to Mariners of the change in operating schedule for the bridge so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.
