¹ States counted once.

The current reporting burden for individuals/households and State governments is 380,053 respondents and 68,921 hours. The proposed reporting burden, totaled from Tables 1 and 2, is 253,724 respondents and 48,715.153 hours. This reduction of

20,205.847 reporting hours is due to a combination of fewer notices being mailed by States and acted on by individuals/households; a decrease in required documents and activities for State governments; and, changes due to agency adjustments.

TOP places a recordkeeping burden on State governments which is contained in the following Table 3. There is no recordkeeping burden for individuals and households.

¹ States counted once.

The current recordkeeping burden is based on 53 respondents and 530 burden hours. The proposed burden is for 53 respondents and 689 hours. This represents an increase of 159 recordkeeping hours due to the way that responses are considered with a corresponding reduction in the time per response.

SUPPLEMENTARY INFORMATION:

Background

The Codex Alimentarius Commission (Codex) was established in 1963 by two United Nations organizations, the Food and Agriculture Organization and the World Health Organization. Through adoption of food standards, codes of practice, and other guidelines developed by its committees, and by promoting their adoption and implementation by governments, Codex

seeks to protect the health of consumers and ensure that fair practices are used in trade.

The CCNFSDU was established to study specific nutritional problems assigned to it by the Codex and advise the Codex on general nutritional issues; to draft general provisions as appropriate, concerning the nutritional aspects of all foods; to develop standards, guidelines, or related texts for foods for special dietary uses, in cooperation with other committees when necessary; and to consider, amend if necessary, and endorse provisions on nutritional aspects proposed for inclusion in Codex standards, guidelines, and related texts. The Committee is hosted by the Federal Republic of Germany.

Issues To Be Discussed at the Public Meeting

The following items on the agenda for the 31st Session of the Committee will be discussed during the public meeting:

- Matters Referred to the Committee from Other Codex Bodies.
 - List of Methods for Dietary Fiber.

 - Proposal for New Work to Amend the Codex General Principles for the Addition of Essential Nutrients to Foods (Revised).
 - Proposal for New Work to Establish a Standard for Processed Cereal-Based Foods for Underweight Infants and Young Children (Revised).
 - Proposal to Revise the Codex Guidelines on Formulated Supplementary Foods for Older Infants and Young Children (Revised).
 - Discussion Paper on Nutrient Reference Values for Nutrients Associated with Risk of Noncommunicable Diseases.
- Each issue listed will be fully described in documents distributed, or to be distributed, by the Secretariat prior to the meeting. Members of the public may access copies of these documents at <http://www.codexalimentarius.net/current.asp>.
