

Industry program, under Rural Business-Cooperative Service, is authorized to make loans to improve, develop, or finance business, industry, and employment, and improve the economic and environmental climate in rural communities.

The purpose of this collection is to establish security servicing policies, assist recipients in meeting the objectives of the loans and grants, repay loans on schedule, comply with agreements, and protect the Government's financial interest. Routine servicing responsibilities include collection of payments, compliance reviews, security inspections, review of financial reports, determining applicant/borrower eligibility and project feasibility for various servicing actions, monitoring delinquent accounts, and supervision activities.

The revision is a result of an increase of 138 responses and 123 burden hours since our last submission. This increase is due to the fact that there has been an increase of funding availability and initiatives for the direct Community Facilities loan program over the past few years.

Supervision by the Agencies include, but is not limited to: Review of budgets, management reports, audits and financial statements; performing security inspections; providing, arranging, or recommending technical assistance; evaluating environmental impacts of proposed actions by the

borrower; performing civil rights compliance reviews; and assisting in the development of workout agreements.

Information will be collected by the field offices from applicants, borrowers, consultants, lenders, and attorneys.

Failure to collect information could result in improper servicing of these loans.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 1 hour per response.

Respondents: State, local or tribal Governments, Not-for-profit institutions, businesses, and individuals.

Estimated Number of Respondents: 15
Estimated Number of Responses per Respondent: 1.

Estimated Number of Responses: 1,773.

Estimated Total Annual Burden on Respondents: 1,663.

DEPARTMENT OF COMMERCE

Economic Development Administration

Notice of Petitions by Firms for Determination of Eligibility To Apply for Trade Adjustment Assistance

AGENCY: Economic Development Administration, U.S. Department of Commerce.

ACTION: Notice and opportunity for public comment.

SUMMARY: The Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below.

Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of the firms contributed importantly to the total or partial separation of the firms' workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.
