

feedback that allow for periodic assessment of progress toward achieving intended outcomes; and (4) the cost per student actually served by the grant.

Long-term performance measures: (1) The percentage of grantees that reach the targeted number of students specified in the application; (2) the percentage of programs, practices, or strategies supported by a Scale-up grant that implement a completed well-designed, well-implemented and independent evaluation that provides evidence of their effectiveness at improving student outcomes at scale; (3) the percentage of programs, practices, or strategies supported by a Scale-up grant with a completed well-designed, well-implemented and independent evaluation that provides information about the key elements and the approach of the project so as to facilitate replication or testing in other settings; and (4) the cost per student for programs, practices, or strategies that were proven to be effective at improving educational outcomes for students.

5. **Continuation Awards:** In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

VII. Agency Contact

FOR FURTHER INFORMATION CONTACT:

Kelly Terpak, U.S. Department of Education, 400 Maryland Avenue SW., Room 4W111, Washington, DC 20202-5930. Telephone: (202) 453-7122. FAX: (202) 205-5631 or by email: i3@ed.gov.

If you use a TDD or a TTY, call the Federal Relay Service, toll free, at 1-800-877-8339.

VIII. Other Information

Accessible Format: Individuals with disabilities can obtain this document and a copy of the application package in an accessible format (e.g., braille, large print, audiotope, or compact disc) on request to either program contact person

listed under **FOR FURTHER INFORMATION CONTACT** in section VII of this notice.

Electronic Access to This Document: The official version of this document is the document published in the **Federal Register**. Free Internet access to the official edition of the **Federal Register** and the Code of Federal Regulations is available via the Federal Digital System at: www.gpo.gov/fdsys. At this site you can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Adobe Portable Document Format (PDF). To use PDF you must have Adobe Acrobat Reader, which is available free at the site.

You may also access documents of the Department published in the **Federal Register** by using the article search feature at: www.federalregister.gov. Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

Dated: April 18, 2014.

Nadya Chinoy Dabby,

Assistant Deputy Secretary for Innovation and Improvement.

BILLING CODE 4000-01-P

DEPARTMENT OF EDUCATION

Applications for New Awards; Training Program for Federal TRIO Programs

AGENCY: Office of Postsecondary Education, Department of Education.

ACTION: Notice.

Overview Information: Training Program for Federal TRIO Programs (Training Program). Notice inviting applications for new awards for fiscal year (FY) 2014.

Catalog of Federal Domestic Assistance (CFDA) Number: 84.103A.

Dates:

Applications Available: April 23, 2014.

Deadline for Transmittal of

Applications: May 23, 2014.

Deadline for Intergovernmental Review: July 22, 2014.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Training Program provides grants to train the staff and leadership personnel employed in, participating in, or preparing for employment in, projects funded under the Federal TRIO Programs to improve the operation of these projects.

Priorities: This notice contains five absolute priorities and two competitive

preference priorities. In accordance with 34 CFR 75.105(b)(2)(iv) and 34 CFR 75.105(b)(2)(ii), the absolute priorities are from section 402G(b) of the Higher Education Act of 1965, as amended (HEA), and the regulations for this program (34 CFR 642.24). The competitive preference priorities are from the Department's notice of final supplemental priorities and definitions for discretionary grant programs, published in the **Federal Register** on December 15, 2010 (75 FR 78486), and corrected on May 12, 2011 (76 FR 27637).

Note: Each year, the Training Program projects must offer training covering every topic listed within the applicable priority or priorities. And, each year, one or more Training Program projects must provide training for new project directors. Each applicant must identify in its application how it will meet this requirement as provided in 34 CFR 642.11.

Absolute Priorities: For FY 2014 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are absolute priorities. Under 34 CFR 75.105(c)(3), we consider only applications that meet these priorities. Each application must address one of these absolute priorities. An applicant must submit a separate application for each absolute priority it proposes to address.

These priorities are:

Absolute Priority 1. Training to improve: reporting student and project performance and the rigorous evaluation of project performance in order to design and operate a model project funded under the Federal TRIO Programs.

Number of expected awards: 1.

Maximum award amount: \$250,000.

Absolute Priority 2. Training on: budget management, and the statutory and regulatory requirements for operation of projects funded under the Federal TRIO Programs.

Number of expected awards: 1.

Maximum award amount: \$250,000.

Absolute Priority 3. Training on: assessment of student needs; retention and graduation strategies, including both secondary and postsecondary retention and graduation strategies; and the use of appropriate educational technology in the operation of projects funded under the Federal TRIO programs.

Number of expected awards: 1.

Maximum award amount: \$325,000.

Absolute Priority 4. Training on: assisting students in receiving adequate financial aid from programs assisted under title IV of the HEA and from other programs; college and university

admissions policies and procedures; and proven strategies to improve the financial literacy and economic literacy of students, including topics such as basic personal finance information, household money management and financial planning skills, and basic economic decision making skills.

Number of expected awards: 1.

Maximum award amount: \$250,000.

Absolute Priority 5. Training on: strategies for recruiting and serving hard to reach populations—including students who are limited English proficient, students from groups that are traditionally underrepresented in postsecondary education, students with disabilities, students who are homeless children and youths (as this term is defined in Section 725 of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a), students who are in foster care or are aging out of the foster care system, or other disconnected students.

Number of expected awards: 1.

Maximum award amount: \$325,000.

Competitive Preference Priorities:

For FY 2014 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award up to an additional five points to an application that meets Competitive Preference Priority 1 and up to an additional five points to an application that meets Competitive Preference Priority 2, depending on how well the application meets each of these priorities. An applicant submitting an application under Absolute Priorities 1, 2, 3, or 5 may apply using only Competitive Preference Priority 2. An applicant submitting an application under Absolute Priority 4 may apply using one or both of the Competitive Preference Priorities. Therefore, the maximum number of competitive preference points an application under Absolute Priorities 1, 2, 3, or 5 can receive under this competition is 5 while the maximum number of competitive preference points an application under Absolute Priority 4 can receive under this competition is 10.

These priorities are:

Competitive Preference Priority 1—Increasing Postsecondary Success (up to 5 additional points).

Background:

Meeting the President's goal of restoring the United States to first in the world in the percentage of citizens holding college degrees or other postsecondary credentials will require

significantly increasing the number of high-need students who graduate from high school prepared to succeed in higher education and careers and who have access to college or rigorous postsecondary career or technical training leading to a degree or certificate. It will also require increasing the rates at which young people and adults enroll in, persist in, and complete college or other postsecondary training. This priority is designed to support efforts to reach the President's goal.

We are using Competitive Preference Priority 1—Increasing Postsecondary Success because the Department believes that the TRIO programs can play an important role in improving the postsecondary outcomes of its participants by placing greater emphasis on providing innovative college selection counseling strategies to match students with more selective institutions. Research indicates that many high-achieving low-income students do not enroll in the most selective colleges for which they are qualified, but that, when they do enroll in such institutions, they tend to have greater success.^{1 2} Understanding that TRIO programs serve students with varying levels of academic achievement, we are interested in projects that will provide training to TRIO program staff on advising students on college selection for a broad range of high-need students, not just those who have the best academic performance.

The Department encourages projects that provide training to TRIO staff on college selection counseling strategies to assist TRIO program participants in applying for, and enrolling in, institutions of higher education that are most closely aligned with the participant's levels of academic preparation. For example, applicants could describe the extent to which their projects combine training on traditional approaches to college advising, such as assistance with test preparation, research and admissions applications, and financial aid applications, with training on strategies to match students to institutions that are appropriate for their qualifications.

Competitive Preference Priority 1:

Projects that are designed to increase the number and proportion of high-need

students who persist in and complete college or other postsecondary education and training.

Competitive Preference Priority 2—Improving Productivity (up to 5 additional points).

Background:

We are using Competitive Preference Priority 2—Improving Productivity because we believe that it is more important than ever to support TRIO projects that are designed to significantly increase efficiency in the use of resources while improving student outcomes. A key performance measure for the Training Program is its cost effectiveness, based on the number of TRIO project personnel receiving training each year. Furthermore, cost per participant is considered in all TRIO programs. Applicants proposing projects designed to offer increased opportunities for high-quality training for more individuals—that is, to decrease the training cost per participant while improving participant outcomes—will be more likely to perform well on this efficiency measure.

The Department continues to emphasize productivity in all TRIO programs for 2014. Accordingly, both new and current grantees will need assistance learning about, selecting, and implementing strategies that can help them be more productive while improving student outcomes. In light of this emphasis, we are interested in Training Program projects that propose to work with TRIO projects on strategies that improve productivity.

Competitive Preference Priority 2:

Projects that are designed to significantly increase efficiency in the use of time, staff, money, or other resources while improving student learning or other educational outcomes (i.e., outcome per unit of resource). Such projects may include innovative and sustainable uses of technology, modification of school schedules and teacher compensation systems, use of open educational resources (as defined in this notice), or other strategies.

Note 1: The types of projects identified above are suggestions for ways to improve productivity. We recognize that some of these examples, such as modification of teacher compensation systems, may not be relevant within the context of a particular application. Therefore, applicants addressing this priority may explain how they will provide training opportunities to the same or an increased number of individuals at a lower cost per participant while improving the quality of their training support. Applicants might also want to consider how they will provide training to TRIO staff to serve the same or an increased number of program participants at a lower cost per participant while improving the quality of their services.

¹ Jonathan Smith, Matea Pender, Jessica Howell, "The Full Extent of Student-College Academic Undermatch, College Board Advocacy and Policy Center, January 2012, <http://www.aefpweb.org/sites/default/files/webform/Extent%20of%20Undermatch.pdf>

² William G. Bowen, Matthew M. Chingos & Michael S. McPherson, *Crossing the Finish Line: Completing College at America's Public Universities*, Princeton University Press, 2011.

Maximum number of applications: In accordance with 34 CFR 642.7, each application must clearly identify the specific absolute priority for which a grant is requested and must address each of the topics listed under that specific absolute priority. An application for a grant under a specific absolute priority must address only that absolute priority. A grantee who wants to apply under more than one absolute priority must submit separate applications for each absolute priority. If an applicant submits more than one application for the same absolute priority, we will accept only the application with the latest "date/time received" validation and we will reject all other applications the applicant submits for that priority.

For example, an application for a grant under Absolute Priority 1 must address only training described under that priority.

Definitions:

This definition is from the notice of final supplemental priorities and definitions for discretionary grant programs, published in the **Federal Register** on December 15, 2010 (75 FR 78486), and corrected on May 12, 2011 (76 FR 27637), and it applies to the competitive preference priorities in this competition.

Open educational resources means teaching, learning, and research resources that reside in the public domain or have been released under an intellectual property license that permits their free use or repurposing by others.

Program Authority: 20 U.S.C. 1070a-11 and 1070a-17.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 82, 84, 86, 97, 98, and 99. (b) The Education Department suspension and debarment regulations in 2 CFR part 3485. (c) The regulations for this program in 34 CFR part 642. (d) The notice of final supplemental priorities and definitions for discretionary grant programs, published in the **Federal Register** on December 15, 2010 (75 FR 78486), and corrected on May 12, 2011 (76 FR 27637).

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

II. Award Information

Type of Award: Discretionary grants.

Estimated Available Funds: \$1.4 million.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2015 from the list of unfunded applicants from this competition.

Maximum Award: We will reject any application that proposes a budget exceeding the maximum award amount for the applicable priority, listed as follows, for a single budget period of 12 months:

- Absolute Priority 1: \$250,000.
- Absolute Priority 2: \$250,000.
- Absolute Priority 3: \$325,000.
- Absolute Priority 4: \$250,000.
- Absolute Priority 5: \$325,000.

The Assistant Secretary for Postsecondary Education may change the maximum award amount through a notice published in the **Federal Register**.

Estimated Number of Awards: 5.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 24 months.

III. Eligibility Information

1. **Eligible Applicants:** Institutions of higher education and other public and private nonprofit institutions and organizations.

2. **Cost Sharing or Matching:** This program does not require cost sharing or matching.

IV. Application and Submission Information

1. **Address to Request Application Package:** Suzanne Ulmer, U.S. Department of Education, 1990 K Street, NW., Room 7000, Washington, DC 20006-8510. Telephone: (202) 502-7600 or by email: TRIO@ed.gov.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

Individuals with disabilities can obtain a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or compact disc) by contacting the program contact person listed in this section.

2. **Content and Form of Application Submission:** Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this program.

Page Limit: The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit the application narrative (Part III) to no more than 50 pages. However, any

application addressing the competitive preference priorities may include up to four additional pages for each priority addressed in a separate section of the application submission to discuss how the application meets the competitive preference priority or priorities. These additional pages cannot be used for or transferred to the project narrative. Partial pages will count as a full page toward the page limit. For the purpose of determining compliance with the page limit, each page on which there are words will be counted as one full page. Applicants must use the following standards:

- A "page" is 8.5" × 11", on one side only, with 1" margins at the top, bottom, and both sides. Page numbers and an identifier may be within the 1" margin.

- Double space (no more than three lines per vertical inch) all text in the project narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in figures and graphs. Text in charts and tables may be single-spaced. You should also include a table of contents in the project narrative, which will not be counted against the page limit.

- Use a font that is either 12 point or larger, or no smaller than 10 pitch (characters per inch).

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman and Arial Narrow) will not be accepted.

The page limit does not apply to Part I—the Application for Federal Assistance face sheet (SF 424); Part II—the Budget Information Summary form (ED Form 524); Part III-A—the Program Profile form; Part III-B—the one-page Project Abstract form; and Part IV—the Assurances and Certifications. If you include any attachments or appendices, these items will be counted as part of Part III—the Project Narrative for the purpose of the page-limit requirement. You must include your complete response to the selection criteria and priorities in Part III—the Project Narrative.

We will reject your application if you exceed the page limit.

3. **Submission Dates and Times:**
Applications Available: April 23, 2014.

Deadline for Transmittal of Applications: May 23, 2014.

Applications for grants under this program must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by

mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV. 7. *Other Submission Requirements* of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact one of the program contact persons listed under **FOR FURTHER INFORMATION CONTACT** in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

Deadline for Intergovernmental Review: July 22, 2014. 4.

Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this program.

5. *Funding Restrictions:* We specify unallowable costs in 34 CFR part 642.31. We reference additional regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

6. *Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management:* To do business with the Department of Education, you must—

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the System for Award Management (SAM) (formerly the Central Contractor Registry (CCR)), the Government's primary registrant database;

c. Provide your DUNS number and TIN on your application; and

d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one to two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal

Revenue Service or the Social Security Administration. If you need a new TIN, please allow 2–5 weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data entered into the SAM database by an entity. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, you will need to allow 24 to 48 hours for the information to be available in Grants.gov and before you can submit an application through Grants.gov.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page: www.grants.gov/web/grants/register.html.

7. *Other Submission Requirements:* Applications for grants under this program must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. *Electronic Submission of Applications.*

Applications for grants under the Training Program, CFDA Number 84.103A, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

You may access the electronic grant application for the Training Program at www.Grants.gov. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.103, not 84.103A).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date and time stamped by the Grants.gov system—after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to

Grants.gov under News and Events on the Department's G5 system home page at www.G5.gov.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document Format) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by email. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit

your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact one of the program contact persons listed under **FOR FURTHER INFORMATION CONTACT** in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because—

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Eileen Bland, U.S.

Department of Education, 1990 K Street, NW., Room 7000, Washington, DC 20006-8510. FAX: (202) 502-7857.

Your paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

b. Submission of Paper Applications by Mail.

If you qualify for an exception to the electronic submission requirement, you may mail (through the U.S. Postal Service or a commercial carrier) your application to the Department. You must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education,
Application Control Center,
Attention: (CFDA Number 84.103A),
LBJ Basement Level 1,
400 Maryland Avenue SW.,
Washington, DC 20202-4260.

You must show proof of mailing consisting of one of the following:

(1) A legibly dated U.S. Postal Service postmark.

(2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.

(3) A dated shipping label, invoice, or receipt from a commercial carrier.

(4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

(1) A private metered postmark.

(2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

c. Submission of Paper Applications by Hand Delivery.

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education,
Application Control Center,
Attention: (CFDA Number 84.103A),
550 12th Street SW.,
Room 7041, Potomac Center Plaza,
Washington, DC 20202-4260.

The Application Control Center accepts hand deliveries daily between

8:00 a.m. and 4:30:00 p.m., Washington, DC time, except Saturdays, Sundays, and Federal holidays.

Note for Mail or Hand Delivery of Paper Applications: If you mail or hand deliver your application to the Department—

(1) You must indicate on the envelope and—if not provided by the Department—in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and

(2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245–6288.

Note: Applicants must include in the one-page abstract submitted with the application a statement indicating which competitive preference priorities they have addressed. The priorities addressed in the application must also be listed on the Training Program Profile Sheet.

V. Application Review Information

1. *Selection Criteria:* The selection criteria for this program are in 34 CFR 642.21 and are listed in the application package.

2. *Review and Selection Process:* We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

For this competition, a panel of non-Federal reviewers will review each application in accordance with the selection criteria in 34 CFR 642.21. The individual scores of the reviewers will be added and the sum divided by the number of reviewers to determine the peer review score received in the review process. Additionally, in accordance with 34 CFR 642.22, the Secretary will award prior experience points to eligible applicants by evaluating the applicant's current performance under its expiring

Training Program grant. Pursuant to 34 CFR 642.22(b)(1), prior experience points, if any, will be added to the application's averaged peer review score to determine the total score for each application.

Under Section 402A(c)(3) of the HEA, the Secretary is not required to make awards under the Training Program in the order of the scores received.

In the event a tie score exists, the Secretary will select for funding the applicant that has the greatest capacity to provide training to eligible participants in all regions of the Nation in order to assure accessibility to the greatest number of prospective training participants, consistent with 34 CFR 642.20(e).

3. *Special Conditions:* Under 34 CFR 74.14 and 80.12, the Secretary may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 34 CFR parts 74 or 80, as applicable; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110.

(b) At the end of your project period, you must submit a final performance report, including financial information,

as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. *Performance Measures:* The success of the Training Program is measured by its cost-effectiveness based on the number of TRIO project personnel receiving training each year; the percentage of Training Program participants that, each year, evaluate the training as benefiting them in increasing their qualifications and skills in meeting the needs of disadvantaged students; and the percentage of Training Program participants that, each year, evaluate the training as benefiting them in increasing their knowledge and understanding of the Federal TRIO Programs. All grantees will be required to submit an annual performance report documenting their success in training personnel working on TRIO-funded projects, including the average cost per trainee and the trainees' evaluations of the effectiveness of the training provided. The success of the Training Program also is assessed on the quantitative and qualitative outcomes of the training projects based on project evaluation results.

5. *Continuation Awards:* In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

VII. Agency Contacts

FOR FURTHER INFORMATION CONTACT: Suzanne Ulmer or, if unavailable, Eileen S. Bland, U.S. Department of Education, 1990 K Street NW., Room 7000,

Washington, DC 20006–8510.

Telephone: (202) 502–7600 or by email: TRIO@ed.gov.

If you use a TDD or a TTY, call the FRS, toll free, at 1–800–877–8339.

VIII. Other Information

Accessible Format: Individuals with disabilities can obtain this document and a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or compact disc) on request to one of the program contact persons listed under *For Further Information Contact* in section VII of this notice. **Electronic Access to This Document:** The official version of this document is the document published in the **Federal Register**. Free Internet access to the official edition of the **Federal Register** and the Code of Federal Regulations is available via the Federal Digital System at: www.gpo.gov/fdsys. At this site you can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Adobe Portable Document Format (PDF). To use PDF, you must have Adobe Acrobat Reader, which is available free at the site.

You may also access documents of the Department published in the **Federal Register** by using the article search feature at: www.federalregister.gov. Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

Dated: April 17, 2014.

Brenda Dann-Messier,

Acting Assistant Secretary for Postsecondary Education.

DEPARTMENT OF EDUCATION

Applications for New Awards; Investing in Innovation Fund—Validation Grants

AGENCY: Office of Innovation and Improvement, Department of Education.

ACTION: Notice.

Overview Information

Investing in Innovation Fund—Validation grants

Notice inviting applications for new awards for fiscal year (FY) 2014.

Catalog of Federal Domestic Assistance (CFDA) Number: 84.411B (Validation grants).

DATES: *Applications Available:* April 25, 2014.

Deadline for Notice of Intent to Apply: May 13, 2014.

Deadline for Transmittal of Applications: June 24, 2014.

Deadline for Intergovernmental Review: August 21, 2014.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Investing in Innovation Fund (i3), established under section 14007 of the American Recovery and Reinvestment Act of 2009 (ARRA), provides funding to support (1) local educational agencies (LEAs), and (2) nonprofit organizations in partnership with (a) one or more LEAs or (b) a consortium of schools. The i3 program is designed to generate and validate solutions to persistent educational challenges and to support the expansion of effective solutions to serve substantially larger numbers of students. The central design element of the i3 program is its multi-tier structure that links the amount of funding that an applicant may receive to the quality of the evidence supporting the efficacy of the proposed project. Applicants proposing practices supported by limited evidence can receive relatively small grants that support the development and initial evaluation of promising practices and help to identify new solutions to pressing challenges; applicants proposing practices supported by evidence from rigorous evaluations, such as large randomized controlled trials, can receive sizable grants to support expansion across the country. This structure provides incentives for applicants to build evidence of effectiveness of their proposed projects and to address the barriers to serving more students across schools, districts, and States so that applicants can compete for more sizeable grants.

As importantly, all i3 projects are required to generate additional evidence of effectiveness. All i3 grantees must use part of their budgets to conduct independent evaluations (as defined in this notice) of their projects. This ensures that projects funded under the i3 program contribute significantly to improving the information available to practitioners and policymakers about which practices work, for which types of students, and in what contexts.

The Department awards three types of grants under this program: “Development” grants, “Validation” grants, and “Scale-up” grants. These grants differ in terms of the level of prior evidence of effectiveness required for consideration of funding, the level of scale the funded project should reach,

and, consequently, the amount of funding available to support the project.

This notice invites applications for Validation grants only. The notice inviting applications for Scale-up grants is published elsewhere in this issue of the **Federal Register**. The notice inviting applications for Development grants was published in the **Federal Register** on March 14, 2014 (79 FR 14486) and available at <http://www.gpo.gov/fdsys/pkg/FR-2014-03-14/pdf/2014-05706.pdf>.

Validation grants provide funding to support expansion of projects supported by moderate evidence of effectiveness (as defined in this notice) to the national level (as defined in this notice) or regional level (as defined in this notice). Validation grants must further assess the effectiveness of the i3-supported practice through a rigorous evaluation, with particular focus on the populations for, and the contexts in, which the practice is most effective. We expect and consider it appropriate that each applicant proposes to use the Validation funding to build its capacity to deliver the i3-supported practice, particularly early in the funding period, to successfully reach the level of scale proposed in its application.

Additionally, we expect each applicant to address any specific barriers to the growth or scaling of the organization or practice (including barriers related to cost-effectiveness) in order to deliver the i3-supported practice at the proposed level of scale and provide strategies to address these barriers as part of its proposed scaling plan.

All Validation grantees must evaluate the effectiveness of the practice that the supported project implements and expands. We expect that these evaluations will be conducted in a variety of contexts and for a variety of students, will identify the core elements of the practice, and will codify the practices to support adoption or replication by the applicant and other entities.

We remind LEAs of the continuing applicability of the provisions of the Individuals with Disabilities Education Act (IDEA) for students who may be served under i3 grants. Any grants in which LEAs participate must be consistent with the rights, protections, and processes established under IDEA for students who are receiving special education and related services or are in the process of being evaluated to determine their eligibility for such services.

As described later in this notice, in connection with making competitive grant awards, an applicant is required, as a condition of receiving assistance under this program, to make civil rights
