OCC believes the proposed rule change is consistent with the requirements of Section 17A of the Act³ and the rules and regulations thereunder applicable to OCC because (i) the primary change would provide for a more efficient means for clearing members and banks to process deposits and releases of securities used as margin deposits or clearing fund contributions and (ii) the remaining changes would clarify provisions of OCC's rules, conform the rules to OCC's current practices, or provide OCC with greater flexibility to establish time periods with regards to withdrawals of margin and delivery and withdrawal of depository receipts. The rule change is not inconsistent with the existing rules of OCC, including any other rules proposed to be amended.

(B) Self-Regulatory Organization's Statement on Burden on Competition

OCC does not believe that the proposed rule change will have an impact or impose any burden on competition.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were not and are not intended to be solicited with respect to the proposed rules change, and none have been received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective upon filing pursuant to Section 19(b)(3)(A) of the Act⁴ and Rule 19b-4(f)⁵ thereunder because the proposed rule does not significantly affect the respective rights or obligations of the clearing agency or persons using the service and does not adversely affect the safeguarding of securities or funds in the custody or control of OCC or for which it is responsible. The rule change will be implemented on the availability of the related systems changes to ENCORE, OCC's clearing system, which are scheduled for implementation on April 4, 2005.
