

formulas are based, in whole or in part, on State title I, part A, allocations.

NCES's request to conduct the annual collection of state-level finance data for FY 2019–2021 was approved by the Office of Management and Budget (OMB) in August 2019 (OMB #1850–0067 v.17), and subsequent submissions (OMB #1850–0067 v.18–22) addressed changes driven by the global coronavirus pandemic as well as normal changes to include updated contact materials and **Federal Register** Notices. In this package NCES requests approval of the collection of National Public Education Financial Survey (NPEFS) data covering fiscal years 2022 through 2024 (corresponding to school years 2021/22 through 2023/24), that will be carried out in 2023 through 2025.

This NPEFS FY 2022–2024 request involves changes to the last approved NPEFS data collection instrument (Appendix B.1) to: (1) add new items to gather data on expenditures for specific sources of coronavirus (COVID–19) federal assistance funds; (2) remove items from the survey which ask for Title V, Part A expenditures; and (3) update headers to make the formatting more consistent for use in the NPEFS web application. This request also includes minor revisions to the Fiscal Data Plan (Appendix B.2) to provide definitions and clarify the questions related to the impact of COVID–19 on average daily attendance. Furthermore, we have updated the NPEFS reporting instructions (Appendix B.3) to add definitions for the new data items in Section 8 and remove the data items for Title V, Part A.

Title of Collection: DC School Choice Incentive Program.

OMB Control Number: 1810–NEW.

Type of Review: A new information collection.

Respondents/Affected Public: Individuals and Households.

Total Estimated Number of Annual Responses: 3,000.

Total Estimated Number of Annual Burden Hours: 1,000.

Abstract: The DC Opportunity Scholarship Program, authorized by the Consolidated Appropriations Act of 2004, and reauthorized in 2017 by the Scholarships for Opportunity and Results (SOAR) Reauthorization Act, awarded a grant to Serving Our Children in order to administer scholarships to students who reside in the District of Columbia and come from households whose incomes do not exceed 185% of

the poverty line. To assist in the student selection and assignment process, the information collected is used to determine the eligibility of those students who are interested in the available scholarships. Also, since the authorizing statute requires an evaluation, we are proposing to collect certain family demographic information because they are important predictors of school success. Finally, we are asking to collect information about parental participation and satisfaction because these are key topics that the statute requires the evaluation to address. This request makes two small changes to the questions previously approved by OMB. One is to add a question about how the families heard of Opportunity Scholarship Program (OSP). The other is to add a check box in section 9 (relating to students with disabilities) pursuant to the competitive grant application instructions. Previously this information collection was approved under OMB #1855–0015. This program and the associated collection were moved to the Office of Elementary and Secondary Education within the Department. As such, it requires a new OMB number that corresponds with the OMB numbers for collections from the Office of Elementary and Secondary Education. For that reason, we are requesting a new information collection and will discontinue 1855–0015 when this request is approved.
