

Web form submission is also used as the collection method for the other forms listed. In addition to web-based electronic forms, information may be collected through email or telephone. These methods enable individuals, private sector entities, personnel working at other federal or state agencies, and international entities, including individuals, companies and other nations' governments to submit information.

This information collection request is a renewal of an existing collection of information. There are minor changes to the forms, questions, or other collection instruments. These changes reflect the addition of questions for reporting purposes. With this renewal, CISA is replacing the current Advanced Malware Analysis Capability (AMAC) submission form with the Malware Analysis Submission Form ("Malware Next-Gen"), but that form's questions will not change. CISA is also updating the Incident Reporting Form by removing one question, modifying some of the existing questions, and adding questions in order to both improve user experience and help the agency efficiently categorize incident reporting data. To review the developmental digital copy of this updated information collection, please contact the POC listed above in this notice request.

This collection of information will not have a significant economic impact on a substantial number of small entities. Due to increases in wage rates, the changes to the collection since the previous OMB approval include updated burden and cost estimates. The annual burden cost increased by \$42,540, from \$543,401 to \$585,941. The annual government cost increased by \$610,548, from \$1,886,112 to \$2,496,660.

**SUPPLEMENTARY INFORMATION:** This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

#### A. Overview of Information Collection

*Title of Information Collection:* Indian Community Development Block Grant Information Collection.

*OMB Approval Number:* 2577-0191.

*Type of Request:* Renewal of a currently approved collection.

*Form Number:* SF-425, HUD-2516, and Annual Status and Evaluation Report (ASER).

*Description of the need for the information and proposed use:* Title I of the Housing and Community

Development Act of 1974 authorizes Indian Community Development Block Grants (ICDBG) and requires that grants be awarded annually on a competitive basis. The purpose of the ICDBG program is to develop viable Indian and Alaska Native communities by creating decent housing, suitable living environments, and economic opportunities primarily for low- and moderate-income persons. Consistent with this objective, not less than 70 percent of the expenditures are to benefit low- and moderate-income persons. Eligible applicants include Federally recognized tribes, which includes Alaska Native communities, and tribally authorized tribal organizations. Eligible categories of funding include housing rehabilitation, land acquisition to support new housing, homeownership assistance, public facilities and improvements, economic development, and microenterprise programs. For a complete description of eligible activities, please refer to 24 CFR part 1003, subpart C.

The ICDBG program regulations are at 24 CFR part 1003. The ICDBG program requires eligible applicants to submit information to enable HUD to select the best projects for funding during annual competitions. Additionally, the information submitted is essential for HUD in monitoring grants to ensure that grantees are complying with applicable statutes and regulations and implementing activities as approved.

ICDBG recipients are required to submit a quarterly Federal Financial Report (SF-425) that describes the use of grant funds drawn from the

recipient's line of credit. The reports are used to monitor cash transfers to the recipients and obtain expenditure data from the recipients. (2 CFR 200.327)

The regulations at 24 CFR part 200 require that grantees and sub-grantees take all necessary affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible. Consistent with these regulations, 24 CFR 1003.506(b) requires that ICDBG

grantees report on these activities on an annual basis, with Contract and Subcontract Activity Report being due to HUD on October 10 of each year (HUD-2516).

The regulations at 24 CFR 1003.506 instruct recipients to submit to HUD an Annual Status and Evaluation Report (ASER) that describes the progress made in completing approved activities with a listing of work to be completed; a breakdown of funds expended; and

when the project is completed, a program evaluation expressing the effectiveness of the project in meeting community development needs. The ASER is due by November 15 each year and at grant closeout. The information collected will allow HUD to accurately audit the program.

*Respondents:* Federally recognized Native American Tribes, Alaska Native communities and corporations, and tribal organizations.

**B. Solicitation of Public Comment**

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

**C. Authority**

Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. chapter 35.
