**INTERNATIONAL TRADE  
COMMISSION**
**Submission for OMB Review;  
Comment Request Agency Proposal  
for the Collection of Information  
Submitted to the Office of Management  
and Budget for Review; Renewal of  
Generic Clearances; Comment  
Request**

**AGENCY:** United States International  
Trade Commission.

**ACTION:** Notice.

**SUMMARY:** Consistent with the  
Paperwork Reduction Act of 1995, the  
U.S. International Trade Commission  
(Commission) has submitted a proposal  
for the collection of information to the  
Office of Management and Budget  
(OMB) for approval. The proposed  
information collection is a three-year  
extension of the current generic  
clearance (approved by OMB under  
Control No. 3117-0222) under which  
the Commission can issue information  
collections for the collection of  
qualitative feedback on agency service  
delivery. Any comments submitted to  
OMB on the proposed information  
collection should be specific, indicating  
which part of the information collection  
plan is objectionable, describing the  
issue in detail, and including specific  
revisions or language changes. The

Commission did not receive any  
comments in response to the 60-day  
notice that it published in the **Federal  
Register** on September 22, 2020.

**DATES:** To be assured of consideration,  
comments should be submitted to OMB  
within 30 days of the date this notice  
appears in the **Federal Register**.

**ADDRESSES:** Written comments and  
recommendations for the proposed  
information collection should be sent  
within 30 days of publication of this  
notice to [www.reginfo.gov/public/do/](http://www.reginfo.gov/public/do/PRAMain)  
*PRAMain*. Find this information  
collection by selecting "Currently under  
30-day Review—Open for Public  
Comments" or by using the search  
function.

**FOR FURTHER INFORMATION CONTACT:** You  
may obtain copies of supporting  
documents from Zachary Coughlin  
([zachary.coughlin@usitc.gov](mailto:zachary.coughlin@usitc.gov) or 202-  
205-3435). Hearing-impaired persons  
can obtain information on this matter by  
contacting the Commission's TDD  
terminal on 202-205-1810. You may  
also obtain general information  
concerning the Commission by  
accessing its website ([https://](https://www.usitc.gov)  
*www.usitc.gov*).

**SUPPLEMENTARY INFORMATION:****(1) Need for the Proposed Information  
Collections**

The proposed information collection  
activity provides a means to garner  
qualitative customer and stakeholder  
feedback in an efficient, timely manner.  
This qualitative feedback provides  
useful insights on perceptions and  
opinions of customers and stakeholders.  
The feedback helps the Commission  
gain understanding into customer or  
stakeholder experiences and  
expectations and provides an early  
warning of issues with service, or focus  
attention on areas where  
communication, training or changes in  
operations might improve delivery of  
products or services. These collections  
allow for ongoing, collaborative and  
actionable communications between the  
Commission and its customers and  
stakeholders and contribute directly to  
the improvement of program  
management.

**(2) Description of the Information To Be  
Collected**

The solicitation of feedback will target  
areas such as: Timeliness,  
appropriateness, accuracy of  
information, courtesy, efficiency of  
service delivery, and resolution of  
issues with service delivery. Responses  
will be assessed to plan and inform  
efforts to improve or maintain the  
quality of service offered to the public.

If this information is not collected, vital feedback from customers and stakeholders on the Commission's services will be unavailable. Feedback collected under this generic clearance provides useful information, but it does not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: the target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential nonresponse bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. As a general matter, information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature.

The Agency will only submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
- The collections are noncontroversial and do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;
- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;
- Information gathered will be used only internally for general service improvement and program management purposes and is not intended for release outside of the agency;
- Information gathered will yield qualitative information; the collections will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study.

### (3) Estimated Burden of the Proposed Information Collection

The Commission estimates that information collections issued under the requested generic clearance will impose an average annual burden of 300 hours on 600 respondents.

No record-keeping burden is known to result from the proposed collection of information.

By order of the Commission,

Issued: November 18, 2020.

## INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1214]

### Certain Height-Adjustable Desk Platforms and Components Thereof; Commission Determination Not To Review an Initial Determination Terminating the Investigation; Termination of the Investigation

**AGENCY:** U.S. International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the U.S. International Trade Commission ("Commission") has determined not to review an initial determination (Order No. 7) terminating the investigation based on withdrawal of the complaint. The investigation is terminated.

#### FOR FURTHER INFORMATION CONTACT:

Amanda Fisherow, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205-2737. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email [EDIS3Help@usitc.gov](mailto:EDIS3Help@usitc.gov). General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal, telephone 202-205-1810.

**SUPPLEMENTARY INFORMATION:** On August 24, 2020, the Commission instituted this investigation based on a complaint filed by Versa Products Inc. of Los Angeles, California ("complainant"). 84 FR 52150 (Aug. 24, 2020). The complaint, as

supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, due to the importation into the United States, sale for importation, or sale in the United States after importation of certain height-adjustable desk platforms and components thereof by reason of infringement of U.S. Patent No. 10,485,336. The complaint also alleges the existence of a domestic industry.

The notice of investigation names seven (7) respondents, including Varidesk LLC of Coppell, Texas, KKNAPP Sales, Inc. of Goodfield, Illinois, Loctek, Inc. of Livermore, California, Locktek Ergonomic Technology Corporation and Zhejiang Loctek Smart Drive Technology Co., Ltd. both of Zhejiang, China, Amazon Import Inc. ("Amazon") of El Monte, California, and Stand Steady Company, LLC of Birmingham, Alabama. *Id.* The Office of Unfair Import Investigations ("OUII") is also a party in this investigation. *Id.*

On October 22, 2020, Complainant filed a motion to terminate the investigation in its entirety based on withdrawal of the complaint. OUII and the respondents, with the exception of Amazon, filed responses indicating that they do not oppose the motion.

On November 3, 2020, the ALJ issued Order No. 7 granting the motion. The ID found that the complainant represented that "there are no agreements, written or oral, express or implied, between the parties concerning the subject matter of this Investigation." The ID also found that there are no extraordinary circumstances that warrant denying the motion. No party petitioned for review of the ID.

The Commission has determined not to review Order No. 7. The investigation is terminated.

The Commission vote for this determination took place on November 18, 2020.

The authority for the Commission's determination is contained in Section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: November 18, 2020.
