

Affected public: Key stakeholder groups involved in specific Federal and State-administered programs; state or local government officials; participants in specific Federal and State-

administered programs or similar comparison groups; and experts in fields pertaining to specific Federal and State research and programs.

USDS estimates that the total burden of this information collection over a

three-year period will be 20,676 hours. USDS estimates that the annual burden of this information collection is as follows, with one response per respondent:

ESTIMATED ANNUAL BURDEN

Type of collection	Number of respondents	Minutes per response	Total hours
Pre-study self-identification questionnaire	10,000	5	833
Unmoderated comment cards/complaint forms	2,500	5	208
Unmoderated qualitative user experience questionnaire	2,500	30	1,250
Unmoderated information architecture evaluative methods	800	60	800
Unmoderated content evaluative methods	800	60	800
Long-term behavior and experience studies	50	300	250
Focus groups	100	60	100
User research studies	2,500	60	2,500
Program assessment questionnaires	300	30	150
Total	19,550	610	6,892

Request for Comments

In compliance with the requirements of Section 3506(c)(2)(A) of the PRA, USDS is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained by writing to pra@usds.gov. All requests should be identified by the title of the information collection.

USDS specifically requests comments on (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review

the collection of information; and to transmit or otherwise disclose the information. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Authority: USDS is undertaking the collections at the discretion of the agency, and under the general authority of 44 U.S.C. 3504 and the Information Technology Oversight and Reform (ITOR) fund, as provided by the Consolidated Appropriations Act, 2021, Division E, Title II, 116 H.R. 133.

Mina Hsiang,

Administrator, United States Digital Service.
