

facilities in the United States, as well as an estimate of how many POTWs are needed to be built. The Clean Watersheds Needs Survey is a voluntary joint effort of EPA and the States. The Survey records cost and technical data associated with all POTWs and other water pollution control facilities, existing and proposed, in the United States. The States provide this information to EPA. No confidential information is used, nor is sensitive information protected from release under the Public Information Act, used. EPA achieves national consistency in the final results through the application of uniform guidelines and validation techniques. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15. The **Federal Register** document required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on July 27, 2001; no comments were received.

Burden Statement: The annual public reporting and record keeping burden for this collection of information is estimated to average 2 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: The respondents are the States, District of Columbia, Puerto Rico, Virgin Islands and Pacific Territories.

Estimated Number of Respondents: 56.

Frequency of Response: every 4 years.
Estimated Total Annual Hour Burden: 7,672 hours.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection

techniques to the addresses listed above. Please refer to EPA ICR No.0318.09 and OMB Control No. 2040-0050 in any correspondence.

Dated: February 26, 2002.
