SUPPLEMENTARY INFORMATION:

Background Information

In connection with the proposed rule on Pipeline Integrity Management in High Consequence Areas, OPS plans to propose related rules governing operator communications with local public officials and agencies. To assist in this effort, the OPS Technical Advisory Committees created an Integrity Management Communications Subcommittee to focus on communications issues and to report back to the full Advisory Committee. OPS expanded this Subcommittee to form a team with equal representation from the public, government agencies, and the pipeline industry, and to consolidate several related efforts.

The Team will provide feedback, insight, and information to the Advisory Committee on the content and delivery of information conveyed to local officials and the public about pipeline operations, systems, and the risks they

pose in or near high consequence areas. The Advisory Committee will provide pipeline communication recommendations to OPS for consideration in drafting the Integrity Management Communications rulemaking. The Team will also assist OPS in finalizing a primer to educate local officials on pipelines and their operations.

The topics for discussion for this meeting include discussions of the following: Information that is needed by various groups: landowners/tenants along pipeline rights-of-way; local and regional emergency response officials; excavators and the general public; review of existing materials used by pipeline operators for public education; results from a public awareness survey conducted by the American Petroleum Institute and focus groups sponsored by the Interstate Natural Gas Association of America; Office of Pipeline Safety website materials; information currently available under the Freedom of Information Act; and pending pipeline legislative proposals for community right-to-know.

Issued in Washington, DC on August 31, 2000.

Jeffrey D. Wiese,

Manager, Program Development, Office of Pipeline Safety.

[STB Finance Docket No. 33917]

Canton Railroad Company—Trackage Rights Exemption—Norfolk Southern Railway Company

Norfolk Southern Railway Company (NS) has agreed to grant overhead trackage rights to Canton Railroad Company (CTN) over approximately 150 feet of NS' track within its existing right-of-way, being four crossover tracks located between Stations 74+40 and 178+73, on the Southern Bear Creek Branch, and connecting CTN's East Main and West Main, in Baltimore City, MD.¹

CTN reported that it intends to consummate the transaction on September 1, 2000, or as soon thereafter

¹ A redacted version of the trackage rights agreement between NS and CTN was filed with the notice of exemption. The full version of the agreement, as required by 49 CFR 1180.6(a)(7)(iii), was concurrently filed under seal along with a motion for a protective order. A protective order was served on August 30, 2000.

as the parties may agree or notices to labor may be effective.

The purpose of the trackage rights is to permit CTN to facilitate a more efficient operation of a coal exporting facility served by NS in Baltimore. CTN states that it currently operates over NS' right-of-way at this location pursuant to local operating agreements relating to the yard operations of both railroads. The trackage rights will also allow rail traffic to move more expeditiously in the eastern Maryland region.

As a condition to this exemption, any employees affected by the trackage rights will be protected by the conditions imposed in *Norfolk and Western Ry. Co.—Trackage Rights—BN*, 354 I.C.C. 605 (1978), as modified in *Mendocino Coast Ry., Inc.—Lease and Operate*, 360 I.C.C. 653 (1980).

This notice is filed under 49 CFR 1180.2(d)(7). If it contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 33917, must be filed with the Surface Transportation Board, Office of the Secretary, Case Control Unit, 1925 K Street, NW., Washington, DC 20423-0001. In addition, one copy of each pleading must be served on Weston A. Park, P.O. Box 28364, 8424 Old Harford Road, Baltimore, MD 21234.

Decided: August 31, 2000.

By the Board, David M. Konschnik, Director, Office of Proceedings.
