

programs to collect the information from grant applicants needed to evaluate and rank applicants and protect the integrity of the grantee selection process. All FNS discretionary grant programs will be eligible, but not required to use the uniform grant application package. The authorities for these grants vary. The term "grant" in this submission refers only to non-entitlement discretionary grants or cooperative agreements. Discretionary grant announcements include a number of information collections, including a "project description" (program narrative), budget information, disclosure of lobbying activities certification, and disclosure of Corporate Felony Convictions and Corporate Federal Tax Delinquencies. The requirements for the program narrative statement are based on the requirements for program narrative statements described in section 1.c (5) of OMB Circular A-102 and OMB A-110 (as implemented at USDA 7 CFR parts 3015, 3016 and 3019); and will apply to all types of grantees; State and local governments, non-profit organizations, institutions of higher education, hospitals, and for profit organizations.

Need and Use of the Information: The primary users of the information collected from the applicant are FNS and other Federal staff who will serve on a panel to systematically review, evaluate, and approve the grant/cooperative agreement applications and recommend the applicants most likely to meet program objectives and most responsive to the solicitation. The selection criteria will be contained in the Request for Application package. Without this information, FNS will not have adequate data to select appropriate grantees or evaluate which grants should be continued, or monitor financial reporting requirements.

Description of Respondents: State, Local, or Tribal Government; Business or other for-profit; Not for profit institutions.

Number of Respondents: 2,097.

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and

Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: International Trade Administration.

Title: Domestic Client Life-cycle Multi-Purpose Forms.

OMB Control Number: 0625-0143.

Form Number(s): ITA-4096P.

Type of Request: Regular submission (revision of a currently approved information collection).

Burden Hours: 14,234.

Number of Respondents: 47,318.

Average Hours per Response: 5-30 minutes.

Annual Cost to the Public: \$60,000.

Needs and Uses: The Commercial Service (CS) offers their clients DOC programs, market research, and services to enable the client to begin exporting or to expand existing exporting efforts. Specific information is required in order to determine the client's business objectives and needs. This information collection is designed to elicit such data so that appropriate services can be proposed and conducted to most effectively meet the client's exporting goals. The CS has made efforts to provide more customized services to clients thereby requesting approval to use a service order form for customized services as well as for standardized services such as the International Company Profile, International Partner Search and Gold Key Service. The information collected is used internally and is not disseminated to the public.

These forms will also reduce client burden through forms' flexibility and technology. The CS also seeks increased forms flexibility to ensure that CS asks and captures only the specific information needed for a particular service/event, thereby continuing to reduce client burdens as CS utilizes pre-populated information for clients who have previously registered with CS. As a client request specific CS services, a set of questions will be presented to determine how CS will proceed to give the client the best export outcome.

This revision to produce a customized form for each CS client, and will cover all aspects of a client's life-cycle with CS, involves merging with other information collections: OMB Control Nos: 0625-0065, 0625-0130, 0625-0151, 0625-0215, 0625-0220, 0625-0228, 0625-0237, and 0625-0238. These collections include all client intake, events/activities and export success forms. The set of questions used to generate the customized forms have been approved under the aforementioned information collections. Upon OMB approval, these

information collections will be discontinued.

Affected Public: Business or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Wendy Liberante, (202) 395-3647.

Copies of the above information collection proposal can be obtained by calling or writing Jennifer Jessup, Departmental Paperwork Clearance Officer, (202) 482-0336, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at JJessup@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Wendy Liberante, OMB Desk Officer, Fax number (202) 395-5167 or via the Internet at Wendy_L_Liberante@omb.eop.gov.

Dated: September 21, 2012.

Foreign-Trade Zones Board

[B-71-2012]

Foreign-Trade Zone 72—Indiana, IN; Application for Reorganization (Expansion of Service Area) Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the Indianapolis Airport Authority, grantee of Foreign-Trade Zone 72, requesting authority to reorganize the zone to expand its service area under the alternative site framework (ASF) adopted by the Board (15 CFR 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or "usage-driven" FTZ sites for operators/users located within a grantee's "service area" in the context of the Board's standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u) and the regulations of the Board (15 CFR part 400). It was formally filed on September 19, 2012.

FTZ 72 was approved by the Board on September 28, 1981 (Board Order 179,
