Needs and Uses: On December 4, 2012, the FCC released a Sixth Report and Order ("Order"), MM Docket No. 99-25, FCC 12-144. In the Order, the FCC revised § 73.853(b) of the Commission's rules ("rules") to permit federally recognized Native American Tribes and Alaska Native Villages ("Tribal Nations") and entities owned or controlled by Native Nations (collectively, "Tribal Nation Applicants") to hold LPFM licenses. The FCC also revised its definition of local to specify that Tribal Nation Applicants are considered local throughout their Tribal lands. We have revised FCC Form 318 to reflect these changes.

In the Order, the FCC also modified its ownership rules. First, the FCC revised its cross-ownership rule to permit cross-ownership of an LPFM station and up to two FM translator stations. Second, the FCC modified its cross-ownership rule to permit Tribal Nation Applicants to seek up to two LPFM construction permits to ensure adequate coverage of tribal lands. We have revised FCC Form 318 to reflect these changes.

The FCC further modified the point system used to select among mutually exclusive LPFM applicants and set forth in § 73.872 of the rules. First, the FCC revised the "established community presence" criterion to extend the "established community presence" standard in rural areas. Under the earlier version of the rule, an LPFM applicant was deemed to have an established community presence if it was physically headquartered or had a campus within ten miles of the proposed LPFM transmitter site, or if 75 percent of its board members resided within ten miles of the proposed LPFM transmitter site. The FCC changed the standard from ten to twenty miles for all LPFM applicants proposing facilities located outside the top fifty urban markets, for both the distance from transmitter and residence of board member standards. Second, the FCC modified the point system to award a point to Tribal Nation Applicants, when they propose to provide LPFM service to

Tribal Nation communities. Third, the FCC established additional points criteria related to maintenance and staffing of a main studio, commitments to locally originate programming and maintain and staff a main studio, and new entry into the broadcasting field. We have revised the Form 318 to reflect these changes to the point system.

The FCC made a number of changes related to time-sharing. It adopted a requirement that parties submit voluntary time-sharing agreements via the Consolidated Database System. It also revised the Commission's involuntary time-sharing policy. As a result of these changes, an LPFM applicant must submit the date on which it qualified as having an "established community presence." The FCC also may require certain LPFM applicants to indicate which 8-hour and 12-hour time slots they prefer. Finally, the FCC adopted a mandatory time-sharing policy similar to that applicable to full-service noncommercial educational FM stations. We have revised the Form 318 to reflect these changes.

Finally, the FCC modified the manner in which it processes requests for waiver of the second-adjacent channel minimum distance separation requirement, amended the rule related to third-adjacent channel interference, and amended the rule that sets forth the obligations of LPFM stations with respect to interference to the input signals of FM translator or FM booster stations. We have revised the Form 318 to reflect these proposed changes.
