SUPPLEMENTARY INFORMATION: FSA Partner Connect is a unified digital front-end platform for entities participating in or involved in the administration of financial aid programs for postsecondary students authorized under title IV of the Higher Education Act of 1965, as amended (HEA), including postsecondary educational institutions (domestic and foreign), institutional third-party servicers, State higher education agencies (including State grant agencies), accrediting agencies, research organizations, third-

party software providers, and financial entities (namely guaranty agencies, guaranty agency servicers, Federal loan servicers, Federal Family Education Loan Program (FFELP) lenders, FFELP lender servicers), along with Department staff and contractors. FSA Partner Connect provides these entities and Department staff and contractors with centralized access to certain materials relating to the administration of title IV, HEA financial aid programs, such as websites, policy, guidance, training, and data, for use in managing title IV, HEA program eligibility and completing title IV, HEA aid administration tasks.

Previously, FSA provided certain similar services and applications through multiple websites, such as FSA Training Conference (previously fsaconferences.ed.gov), *Application for Approval to Participate in the Federal Student Financial Aid Programs* (previously eligcert.ed.gov), and SAIG Enrollment (previously fsawebenroll.ed.gov). FSA Partner Connect integrates these distinct legacy lines of business into a single web-based platform to simplify the user experience while leveraging modernized, more secure technology. This approach not only improves user experience but also FSA’s ability and capacity to provide rigorous and proactive oversight, thereby enabling more responsiveness to students and a reduction in compliance challenges through greater collaboration.

FSA Partner Connect provides each user with access to the following features on fsapartners.ed.gov:

(i) The Knowledge Center (available to the public, no account required), which provides informational resources related to the administration of title IV, HEA financial aid programs, such as FSA electronic announcements; FSA Dear Colleague Letters; current and historical versions of the *Federal Student Aid Handbook*, *Foreign Schools Handbook*, and *New School Guide*; and other FSA publications. (This includes content from the retired Information for Financial Aid Professionals (IFAP) website.)

(ii) FSA Training Conference information (available to the public, no account required), which provides training materials, upcoming conference details, and access to previous conference information including presentations.

(iii) The Summary Dashboard, which provides snapshots of certain data related to users’ respective organizations including high-level operational data, important communications,

notifications, and news tailored to users based on their respective roles.

(iv) A Partner Search and Profile feature, which provides users with the capability to search for and view comprehensive and consolidated postsecondary educational institution and third-party servicer information including program eligibility, official contact information, and postsecondary educational institution relationship information, which is a list of institutions that a postsecondary educational institution has a direct funding or reporting relationship with and of third-party servicers that provide a service to the postsecondary educational institution.

(v) A Student, Parent, and Borrower Search and Profile feature, which allows users to search for and view comprehensive and consolidated account information for students, parents, and/or borrowers including award and disbursement details, StudentAid.gov transactional submissions, Pell and Subsidized Direct Loan eligibility usage, and credit check information. (The platform also provides a view-only version of StudentAid.gov to assist with inquiries from students, parents, and/or borrowers.)

(vi) The *Application for Approval to Participate in the Federal Student Financial Aid Programs* (more commonly referred to as the “E-App”), which postsecondary educational institutions complete to apply for and maintain participation in title IV, HEA programs.

(vii) The Third-Party Servicer (TPS) Inquiry Form, which obtains information to validate third-party servicer information reported to the Department by postsecondary educational institutions, as well as to collect additional information needed by the Department for effective oversight of postsecondary educational institutions and third-party servicers.

(viii) FSA cases pertaining to eligibility and oversight generated to manage E-App reviews, TPS Inquiry Form reviews, program reviews, audits, and other related oversight processes.

(ix) Various postsecondary educational institution reports and files including, but are not limited to, FSA’s Weekly School File, which is a data extract of select demographic and eligibility-related data.

Access to FSA Partner Connect is limited to individuals and entities with active FSA Partner Connect accounts (collectively referred to herein as “authorized users”), which, among other things, contain the contact information of individuals affiliated

with entities authorized to create accounts to request electronic access to the Department's Federal Student Aid's (FSA's) systems, including FSA Partner Connect, SAIG, Federal Tax Information SAIG (FTI-SAIG), the Common Origination and Disbursement (COD) system, the Free Application for Federal Student Aid (FAFSA®) Processing System (FPS), the National Student Loan Data System (NSLDS), the Digital Customer Care (DCC) Customer Relationship Management (CRM) system, the eZ-Audit system, the Electronic Cohort Default Rate (eCDR) system, the Financial Management System (FMS), and the Access and Identity Management System (AIMS), and to the U.S. Department of Homeland Security's (DHS') Systematic Alien Verification for Entitlements (SAVE) system for purposes of administering programs authorized under title IV of the HEA. FSA Partner Connect stores and processes information to manage user accounts (e.g., enroll users, manage and modify user roles, which includes, but is not limited to: managing access permissions, removing access, deactivating user accounts, and reactivating user accounts) and authorizes access to the Department systems referenced above. Additionally, FSA Partner Connect manages SAIG mailbox numbers, which are used to electronically transmit data to and receive data from Department systems.

The Department proposes to rescind the systems of records notices titled PEPS (18–11–09) and SAIG, Participation Management System (18–11–10). PEPS enabled the Department to administer the approval, periodic review, and oversight of postsecondary educational institutions that participate in the Federal student financial aid programs under title IV of the HEA. The SAIG, Participation Management System enabled the Department to process stored data from SAIG Enrollment forms, manage the assignment of SAIG mailbox numbers, and authorize users of the Department's systems for the purposes of administering programs authorized under title IV of the HEA. The Department is rescinding the systems of records notices that previously covered the PEPS and the SAIG, Participation Management System because the records previously covered by those systems are now covered by the FSA Partner Connect system of records notice.
