DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP12–507–000; Docket No. CP12–508–000]

Corpus Christi Liquefaction, LLC, Cheniere Corpus Christi Pipeline, LP; Notice of Availability of the Final Environmental Impact Statement for the Proposed Corpus Christi LNG Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared a final environmental impact statement (EIS) for the Corpus Christi LNG Project (Project), proposed by Corpus Christi Liquefaction, LLC and Cheniere Corpus Christi Pipeline, LP (collectively Cheniere) in the above-referenced dockets. Cheniere requests authorization to construct and operate the facilities necessary to import, export, store, vaporize, and liquefy natural gas and deliver the resulting product either into existing interstate and intrastate natural gas pipelines in the Corpus Christi area, or export liquefied natural gas (LNG) elsewhere. The Project liquefaction facilities would enable Cheniere to export LNG equivalent to approximately 2.1 billion standard cubic feet (Bscf) per day of natural gas, and the vaporization facilities would enable Cheniere to sendout approximately 400 million standard cubic feet (MMscf) per day of natural gas into its proposed pipeline system.
