

SUMMARY: The U.S. Department of Commerce (Commerce) published notice in the **Federal Register** of February 3, 2025, in which Commerce provided notice of Sunset Reviews that are scheduled for initiation in March 2025. This notice misidentified the country for the antidumping duty (AD) order on Sugar from Mexico (A–201–845) as the People’s Republic of China (China). This notice also inadvertently listed the AD and countervailing duty (CVD) orders on Sugar from Mexico under the “Antidumping Duty Proceedings” and “Countervailing Duty Proceedings” column headers. This notice also incorrectly stated that no sunset review of suspended investigations is scheduled for initiation in March 2025.

FOR FURTHER INFORMATION CONTACT: Terri Monroe, AD/CVD Operations,

Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–1384.

SUPPLEMENTARY INFORMATION:

Background

On February 3, 2025, Commerce published in the **Federal Register** the Advance Notice of Sunset review.¹ In this notice, we misidentified the country for the AD order on Sugar from Mexico as China. We also inadvertently listed the AD and CVD orders on Sugar from Mexico under the “Antidumping Duty Proceedings” and “Countervailing Duty Proceedings” column headers. We also incorrectly stated that no sunset

review of suspended investigations is scheduled for initiation in March 2025.

Correction

In the **Federal Register** of February 3, 2025, in FR Doc 2025–02120 on page 8789, (1) correct the country reference for the Sugar from Mexico AD order as follows: Sugar from Mexico, A–201–845 (2nd Review); (2) remove references to the Sugar from Mexico AD and CVD orders from the “Antidumping Duty Proceedings” and “Countervailing Duty Proceedings” column headers and instead list these orders under the “Suspended Investigations” header; and (3) delete the following sentence under the “Suspended Investigations” header: “No Sunset Review of suspended investigations is scheduled for initiation in March 2025.” The revised table should read as follows:

	Department contact
Antidumping Duty Proceedings	
Small Diameter Graphite Electrodes from China, A–570–929 (3rd Review)	Mary Kolberg, (202) 482–1785.

SUPPLEMENTARY INFORMATION: The Council and Commission are considering development of an amendment to the Summer Flounder, Scup, and Black Sea Bass and Bluefish FMPs. The purpose of the proposed amendment is to consider options for managing for-hire recreational fisheries separately from other recreational fishing modes (referred to as sector separation), as well as options related to the collection and use of recreational data, such as private angler reporting and enhanced for-hire vessel trip reporting requirements. The Council and Commission are currently

conducting *scoping* for this action. Scoping is the first and best opportunity to provide input on the scope of issues to be addressed. There will be additional comment opportunities; however, input provided early in the development of this action will help the Council and Commission identify issues of concern and determine which types of management alternatives should be further developed.

The Public Information/Scoping Document is available on the action web page at: <https://www.mafmc.org/actions/recreational-sector-separation-and-data-collection-amendment>. This document provides a broad overview of the issues identified for consideration in the amendment, management approaches that may be considered, and a series of questions to guide public comment.

Scoping hearings will be hosted by states or groups of states. If you are unable to participate in your state's scheduled hearing, you are welcome to participate in any of the hearings.
