

a map provided by San Benito, the line extends from near Hollister to near Carnadero.

The transaction is scheduled to take place in June 2009 or later (after the April 26, 2009 effective date of the exemption).

If the notice contains false or misleading information, the exemption is void *ab initio*.² Petitions to reopen the proceeding to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction. Petitions for stay must be filed no later than April 17, 2009 (at least 7 days before the exemption becomes effective).

An original and 10 copies of all pleading, referring to STB Finance Docket No. 35225, must be filed with the Surface Transportation Board, 395 E Street, SW., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on Janie Shang, K&L Gates LLP, 1601 K Street, NW., Washington, DC 20006.

Board decisions and notices are available on our Web site at <http://www.stb.dot.gov>.

Decided: April 6, 2009.

By the Board, Joseph H. Dettmar, Acting Director, Office of Proceedings.

Kulunie L. Cannon,
Clearance Clerk.

BILLING CODE 4915-01-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice: Letter of Public Notification of the Airports Grants Program Including ARRA Requirements; Information Collection Activity

AGENCY: Federal Aviation Administration (FAA), DOT.

This request is being submitted to OMB via an Emergency Information Collection Request.

SUMMARY: New requirements within the American Recovery and Reimbursement Act of 2009 have made necessary a revision to the OMB-approved collection "Airports Grants Program" to include further burden. The information listed below represents the new totals for the complete "Airports Grants Program" with the new requirements per the American Recovery and Reimbursement Act of 2009.

FOR FURTHER INFORMATION CONTACT: Nancy S. Williams, APP-501 at

Nancy.S.Williams@faa.gov, or 202-267-8822.

SUPPLEMENTARY INFORMATION:

Title: Airports Grants Program Including ARRA Requirements.

OMB Control Number: 2120-0569.

Forms(s) 5100-100, 5100-101, 5100-108, 5100-126, 5100-127, 5370-1.

Affected Public: An estimated 1,950 Respondents.

Frequency: This information is collected on occasion.

Estimated Average Burden per Response: Approximately 9 hours per response.

Estimated Annual Burden Hours: An estimated 86,240 hours annually.

Abstract: The FAA collects information from airport sponsors and planning agencies in order to administer the Airports Grants Program. Data is used to determine eligibility, ensure proper use of Federal Funds, and ensure project accomplishment.

Issued in Washington, DC, on March 31, 2009.

Carla Mauney,

FAA Information Collection Clearance Officer, IT Enterprises Business Services Division, AES-200.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Office of Commercial Space Transportation; Notice of Availability and Request for Comment on the Draft Programmatic Environmental Impact Statement for Streamlining the Processing of Experimental Permit Applications

AGENCY: Federal Aviation Administration (FAA), Department of Transportation.

ACTION: Notice of availability and request for comment.

SUMMARY: In accordance with the National Environmental Policy Act of 1969, as amended (NEPA) (42 U.S.C. 4321 *et seq.*), Council on Environmental Quality NEPA implementing regulations (40 CFR parts 1500-1508), and FAA Order 1050.1E, Change 1, the FAA is announcing the availability of and requesting comments on the *Draft Programmatic Environmental Impact Statement for Streamlining the Processing of Experimental Permit Applications* (PEIS). The FAA Office of Commercial Space Transportation is the lead Federal agency for the development of the PEIS. The National Aeronautics and Space Administration and the U.S.

Air Force are cooperating agencies. Under the Proposed Action evaluated in the PEIS, the FAA would issue experimental permits for the launch and reentry of reusable suborbital rockets from both FAA-licensed and non-licensed launch sites using the PEIS as the basis for determining the potential environmental consequences of issuing experimental permits.

Under the No Action Alternative, the FAA would continue issuing experimental permits for the launch and reentry of reusable suborbital rockets using its present method of analyzing environmental consequences case by case, without tiering from a programmatic document.

The PEIS examines the potential environmental impacts of issuing an experimental permit for the operation of reusable suborbital rockets anywhere in the U.S. and abroad, and the potential site-specific impacts of permitted launches from seven FAA-licensed commercial launch sites: California Spaceport, California; Mojave Air and Space Port, California; Kodiak Launch Complex, Alaska; Mid-Atlantic Regional Spaceport, Virginia; Space Florida Launch Complex-46 at Cape Canaveral Air Force Station, Florida; Oklahoma Spaceport, Oklahoma; Spaceport America, New Mexico; and one Federal range, the Shuttle Landing Facility at John F. Kennedy Space Center, Florida.

Subsequent environmental analyses that fall under the scope of the PEIS could tier from this document and incorporate the findings of the PEIS by reference, allowing an applicant and the FAA to focus on the relevant and unique impacts of an experimental permit application. Tiering and incorporation by reference would streamline the development of subsequent environmental analyses in accordance with NEPA and FAA Order 1050.1E.

The PEIS will not authorize the launch or reentry of reusable suborbital rockets from launch sites. Individual launch operators would be required to coordinate with site operators to gain access to a site. In addition, the launch operators would be required to apply to the FAA for an experimental permit, which would require an individual safety and environmental review.

DATES: The public comment period for the NEPA process begins with the publication of the U.S. Environmental Protection Agency's Notice of Availability of the Draft PEIS in the **Federal Register**. To ensure that all comments can be addressed in the Final PEIS, the FAA must receive comments no later than May 25, 2009.

² A motion to dismiss has been filed in this proceeding. The motion will be addressed in a subsequent Board decision.
