#### **Background**

In 1991, Congress enacted section 43 of FDICIA (12 U.S.C. § 1831t) in response to incidents affecting the safety of deposits in certain financial institutions.<sup>2</sup> The law imposes several requirements on non-federally insured institutions. Among other things, it mandates, under 12 U.S.C. 1831t(b), that depository institutions lacking federal deposit insurance disclose to consumers in periodic statements, signature cards, passbooks, certificate of deposit, and advertising that the institution does not have federal deposit insurance and that, if the institution fails, the federal government does not guarantee that depositors will get their money back. Pursuant to 12 U.S.C. 1831t(f), the Commission has authority to enforce the disclosure requirements under the FTC Act (15 U.S.C. 41 *et seq.*).

Until 2003, the Commission's appropriations authority prohibited the use of FTC resources to enforce those requirements.<sup>3</sup> In 2005, the Commission sought public comment on proposed rules implementing the statutory disclosure requirements.<sup>4</sup> In 2006, before the Commission issued a final rule, Congress passed substantial amendments to the existing requirements as part of the Financial Services Regulatory Relief Act of 2006 (FSRRA) (Pub. L. 109-351). The Commission thus sought public comment on proposed regulations that would be consistent with the FSRRA

<sup>2</sup> See Pub. L. No. 102-242, 105 Stat. 2236.

<sup>3</sup> Making Appropriations for Agriculture, Rural Development, Food and Drug Administration, and Related Agencies, for the Fiscal Year Ending September 30, 2004, and for Other Purposes, H.R. Conf. Rep. No. 108-401, 108<sup>th</sup> Cong., 1st Sess., at 88 (2003).

<sup>4</sup> See 70 FR 12823 (Mar. 16, 2005).

amendments,<sup>5</sup> and is currently in the process of developing those regulations. Institutions lacking federal deposit insurance, however, must comply with these statutory provisions regardless of the status of FTC's regulations in this area.

Under existing law, all federally chartered and most state chartered depository institutions have federal deposit insurance. Federal deposit insurance provides a government guarantee of up to \$250,000 per depositor in most cases. Pursuant to Federal Deposit Insurance Corporation and National Credit Union Administration requirements, federally insured banks and credit unions must display signs that depositors are federally insured.<sup>6</sup> Although most depository institutions have federal deposit insurance, there are some exceptions. For instance, there are more than a hundred and fifty state-chartered credit unions in nine states that do not have federal deposit insurance.<sup>7</sup> The credit unions in these states generally obtain private deposit insurance in lieu of federal insurance to protect members' accounts.

On July 13, 2009, the Commission published a notice seeking comments on the proposed collection described here. 74 FR 33442. No comments were received.

### Proposed Information Collection Activities

The FTC has the authority to compel production of data and information from depository institutions lacking federal deposit insurance through Orders issued pursuant to Section 6(b) of the FTC Act, 15 U.S.C. 46(b). The Commission intends to send these Orders to all such institutions known to it in states that allow non-federally insured institutions.<sup>8</sup> The responses will help the Commission determine whether covered entities are complying with the

disclosure requirements of 12 U.S.C. 1831t(b).

Under the PRA, 44 U.S.C. Ch. 35, federal agencies must obtain approval from OMB for each "collection of information" they conduct or sponsor. "Collection of information" means identical recordkeeping, disclosure and/or reporting requirements imposed on ten or more members of the public. 44 U.S.C. 3502(3), 5 CFR 1320.3(c). Because the number of entities affected by the Commission's Orders will exceed that threshold, the Commission is seeking OMB clearance under the PRA. Pursuant to OMB regulations, 5 CFR Part 1320, that implement the PRA, the Commission is providing this second opportunity for public comment.

#### A. Description of the Collection of Information and Proposed Use

The FTC proposes to seek information from up to two hundred (200) depository institutions lacking federal deposit insurance in the United States ("industry members").

Information sought<sup>9</sup> will include, among other things:

- A brief explanation of the steps the institution takes to comply with the requirements of 12 U.S.C. 1831t(b).
- Samples of each non-identical periodic statement of account, signature card, passbook, certificate of deposit, and share certificate disseminated within the previous three months, with any individual consumer names, signatures, addresses, account numbers,

or other personally identifying information redacted.

- Information (e.g. photographs) indicating whether the institution posts the disclosure required by 12 U.S.C. 1831t(b)(2) at each station or window where it normally receives deposits, the institution's principal place of business, and all the institution's branches where it accepts deposits or opens accounts (excluding automated teller machines and point of sale terminals).

- Samples of all non-identical advertising<sup>10</sup> issued or continued in use within the previous three months.

- Samples of the non-identical cards, forms, or other written materials the institution uses to comply with the signed acknowledgment requirements for new depositors pursuant to 12 U.S.C. 1831t(b)(3) disseminated within the previous three months with any individual consumer names, signatures, addresses, account numbers, or other personally identifying information redacted.<sup>11</sup>

The Commission will use the collected information in its efforts to ensure that the institutions are complying with the disclosure requirements in 12 U.S.C. 1831t(b).

#### B. Estimated Hours Burden

Based upon its knowledge of the industry, FTC staff estimates that, on average, the time required to gather, organize, format, and produce such responses will average 8 hours per Order. Thus, assuming up to 200 recipients of the Orders, total burden would be approximately 1,600 hours.

#### C. Estimated Cost Burden

It is difficult to calculate with precision the labor costs associated with this data production, as they entail varying compensation levels of management and/or support staff among companies of different sizes. Managerial, legal, and clerical personnel may be involved in the information collection process. The FTC staff has assumed, conservatively, that managerial personnel and legal counsel will handle all of the tasks involved in gathering and producing responsive information, and has applied an average hourly wage of managerial time of

<sup>9</sup>The Orders will not seek any information about the identity of individual consumers. Moreover, all documents and information provided in response to compulsory process, including through special orders authorized by Section 6(b) of the FTC Act, are exempt from public disclosure under Section 21(f) of the Federal Trade Commission Act, 15 U.S.C. § 57b-2(f), and Exemption 3 of the Freedom of Information Act, 5 U.S.C. § 552(b)(3). In addition, to the extent applicable, section 6(f) of the FTC Act, 15 U.S.C. 46(f), bars the Commission from publicly disclosing trade secrets or confidential commercial or financial information it receives from persons pursuant to, among other methods, special orders authorized by Section 6(b) of the FTC Act. Such information also would be exempt from disclosure under Exemption (4) of the Freedom of Information Act, 5 U.S.C. 552(b)(4). Finally, under Section 21(c) of the FTC Act, 15 U.S.C. 57b-2(c), a person who designates a submission as confidential is entitled to 10 days' advance notice of any anticipated public disclosure by the Commission, assuming that the Commission has determined that the information does not, in fact, constitute 6(f) material. Although materials covered under one or more of these various sections are protected by stringent confidentiality constraints, the FTC Act and the Commission's rules authorize disclosure in limited circumstances (e.g., official requests by Congress, requests from other agencies for law enforcement purposes, and administrative or judicial proceedings). Even in those limited contexts, however, the Commission's rules may afford protections to the submitter, such as advance notice to seek a protective order in litigation. See 15 U.S.C. 57b-2; 16 CFR 4.9-4.11.

<sup>5</sup> See 74 FR 18043 (Mar. 13, 2009).

<sup>6</sup> See 12 CFR Parts 328 and 740.

<sup>7</sup>According to the U.S. Government Accountability Office, in 2003, eight states had credit unions that purchase private deposit insurance instead of federal insurance. Since that time, at least one additional state has allowed credit unions to use private deposit insurance. Other states either require federal insurance or allow private insurance but do not have any privately insured credit unions. "Federal Deposit Insurance Act: FTC Best Among Candidates to Enforce Consumer Protection Provisions," GAO-03-971 (Aug. 2003), at 7. Puerto Rican credit unions operate under a Puerto Rican government-backed deposit insurance system.

<sup>8</sup>State-chartered credit unions lacking federal deposit insurance will likely be the recipients. The FTC also may seek information from some institutions covered by the Puerto Rican government deposit insurance system.

<sup>10</sup>As used in these Orders, the term "advertising" means any communication that the institution uses to solicit business including, but not limited to, printed materials, the institution's main internet page, radio advertisements, video advertisements disseminated via television, the Internet or any other means of online communication, and solicitations conducted via telephone.

<sup>11</sup>The documents produced should exclude any information for which prior customer authorization is required under the Right to Financial Privacy Act, 12 U.S.C. 3401, *et seq.*

\$58.12 (4 hours per entity) and an average hourly wage of legal staff time of \$40.87 (4 hours per entity).<sup>12</sup> Thus, cumulatively, estimated labor costs to comply with the Orders will be \$79,192 ((\$58.12 x 800 hours) + (\$40.87 x 800 hours)). The actual cost may be lower to the extent clerical personnel handle some of the tasks.

Staff anticipates that industry members maintain most, if not all, of the material sought in the orders in the normal course of business because they must disclose the information to customers under existing law. Moreover, to the extent that information sought is not generated in the normal course of business, any associated non-labor cost should be de minimis.

## GENERAL SERVICES ADMINISTRATION

[OMB Control No. 3090-0283]

### Office of the Chief Information Officer; Submission for OMB Review; Temporary Contractor Information Worksheet

**AGENCY:** Office of Enterprise Solutions (IA), Office of the Chief Information Officer (OCIO), General Services Administration (GSA).

**ACTION:** Notice of request for comments regarding a renewal to an existing OMB clearance.

**SUMMARY:** In accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), the General Services Administration invites the general public and Federal agencies to comment on the renewal of an information collection request for the collection of personal data to authorize and initiate investigation requests for GSA temporary contractors. GSA requires OMB approval for this collection to make determinations on granting unescorted physical access to GSA-controlled facilities. The approval is critical for GSA to meet the anticipated increase in number of temporary contractors as a result of the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5). A request for public comments was published in the **Federal Register** at 74 FR 22930 on May 15, 2009.

Public comments are particularly invited on: Whether this collection of information is necessary and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected.

**DATES:** Submit comments on or before: December 4, 2009.

**ADDRESSES:** Submit comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to the GSA Desk Officer, OMB, Room 10236, NEOB, Washington, DC 20503, and a copy to the Regulatory Secretariat (MVPR), General Services

Administration, 1800 F Street, NW., Room 4041, Washington, DC 20405. Please cite OMB Control No. 3090-0283, Temporary Contractor Information Worksheet.

**FOR FURTHER INFORMATION CONTACT:** Mr. William Erwin, Program Manager, HSPD-12 Program Management Office, GSA, 1800 F Street, NW, Washington, DC 20405; or telephone (202) 501-0758. Please cite OMB Control No. 3090-0283, Temporary Contractor Information Worksheet.

#### SUPPLEMENTARY INFORMATION:

##### A. Purpose

The U.S. Government conducts criminal checks to establish that applicants or incumbents working for the Government under contract may have unescorted access to GSA-controlled facilities. GSA uses the Temporary Contractor Information Worksheet and the FBI Form FD-258 Fingerprint Card to conduct a FBI National Criminal Information Check (NCIC) for each temporary contractor (working on contract for six (6) months or less and require physical access only) on GSA contracts for American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5) efforts to determine whether to grant unescorted access to GSA-controlled facilities. GSA is anticipating a large influx in temporary contractors due to the American Recovery and Reinvestment Act of 2009. GSA received one public comment during the 60-day comment period. In summary, the comment asked whether the information collected from the form could be collected using an existing form or was necessary to collect. GSA responded directly to the submitter by stating that the form: provides notifications and requests an authorizing signature from GSA temporary contractors on American Recovery and Reinvestment Act of 2009 (ARRA) that other existing forms do not include; requests only data that is required unlike other existing forms; and collects required GSA location, point of contact information not collected through other existing forms.

The Office of Management and Budget (OMB) Guidance M-05-24 for Homeland Security Presidential Directive (HSPD) 12 authorizes Federal departments and agencies to ensure that temporary contractors have limited/controlled access to facilities and information systems. GSA Directive CIO P 2181.1 Homeland Security Presidential Directive-12 Personal Identity Verification and Credentialing (available at <http://www.gsa.gov/hspd12>) states that GSA temporary
