

Relief and Emergency Assistance Act (the Stafford Act), 42 U.S.C. 5174, prescribes that FEMA must annually adjust the maximum amount for assistance provided under the Individuals and Households Program (IHP). FEMA gives notice that the maximum amount of IHP financial assistance provided to an individual or household under section 408 of the Stafford Act with respect to any single emergency or major disaster is \$35,500 for housing assistance and \$35,500 for other needs assistance. The increase in award amount is for any single emergency or major disaster declared on or after October 1, 2019. In addition, in accordance with 44 CFR 61.17(c), this increases the maximum amount of available coverage under any Group Flood Insurance Policy (GFIP) issued.

FEMA bases the adjustment on an increase in the Consumer Price Index for All Urban Consumers of 1.7 percent for the 12-month period, which ended in August 2019. The Bureau of Labor Statistics of the U.S. Department of Labor released the information on September 12, 2019.
