BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

Notice of Availability of the Final Interim Staff Guidance DC/COL-ISG-08 on the Necessary Content of Plant-Specific Technical Specifications for a Combined License

AGENCY: Nuclear Regulatory Commission (NRC).

ACTION: Notice of availability.

SUMMARY: The NRC is issuing its Final Interim Staff Guidance (ISG) DC/COL-ISG-08 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML083310259). The purpose of this ISG is to change the NRC staff position on the necessary content of plant-specific technical specifications (PTS) when a combined license (COL) is issued. This ISG clarifies the staff guidance contained in Regulatory Guide (RG) 1.206, "Combined License Applications for Nuclear Power Plants," Section C.III.4.3, "Combined License Information Items That Cannot Be Resolved Before the Issuance of a License," and replaces the related guidance in NUREG-0800, "Standard Review Plan for the Review of Safety Analysis Reports for Nuclear Power Plants," Chapter 16.0, "Technical Specifications," Revision 2, dated March 2007, regarding the content of PTS to support issuing a COL. The NRC staff issues DC/COL-ISGs to facilitate timely implementation of the current staff guidance and to facilitate activities associated with the review of

applications for standard design certifications (DCs) and COLs by the Office of New Reactors. The NRC staff will also incorporate the approved DC/COL-ISG-08 into the next revisions of RG 1.206 and the Standard Review Plan 16.0, and any related guidance documents.

Disposition: On October 8, 2008, the staff issued the proposed ISG "Interim Staff Guidance on the Necessary Content of Plant-Specific Technical Specifications for a Combined License," (DC/COL-ISG-008) (ADAMS Accession No. ML082520707) to solicit public and industry comment. The staff did not receive any comments on the draft ISG. Therefore, the ISG is now being issued for use.

ADDRESSES: The NRC maintains an ADAMS, which provides text and image files of NRC's public documents. These documents may be accessed through the NRC's Public Electronic Reading Room on the Internet at <http://www.nrc.gov/reading-rm/adams.html>. Persons who do not have access to ADAMS or who encounter problems in accessing the documents located in ADAMS should contact the NRC Public Document Room reference staff at 1-800-397-4209, 301-415-4737, or by e-mail at pdr.resource@nrc.gov.

FOR FURTHER INFORMATION CONTACT: Mr. Michael L. Marshall, Technical Specification Branch, Division of Construction, Inspection, & Operational Programs, Office of the New Reactors, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001; telephone 301-415-0539 or e-mail at michael.marshall@nrc.gov.

SUPPLEMENTARY INFORMATION: The agency posts its issued staff guidance in the agency external Web page (<http://www.nrc.gov/reading-rm/doc-collections/isg/>).

Dated at Rockville, Maryland, this 9th day of December 2008.

For the Nuclear Regulatory Commission.

William D. Reckley,
Chief, Rulemaking and Guidance Development Branch, Division of New Reactor Licensing, Office of New Reactors.

BILLING CODE 7590-01-P

POSTAL REGULATORY COMMISSION

[Docket No. CP2009-16; Order No. 145]

International Mail Contract

AGENCY: Postal Regulatory Commission.

ACTION: Notice.

SUMMARY: This document announces a recently-filed Postal Service notice of a

new international mail contract. It addresses procedural steps associated with this filing.

DATES: Comments due December 19, 2008.

ADDRESSES: Submit comments electronically via the Commission's Filing Online system at <http://www.prc.gov>.

FOR FURTHER INFORMATION CONTACT: Stephen L. Sharfman, General Counsel, 202-789-6820 and stephen.sharfman@prc.gov.

SUPPLEMENTARY INFORMATION:

I. Background

On December 9, 2008, the Postal Service filed a notice announcing that it has entered into an additional Global Expedited Package Services 1 (GEPS 1) contract.¹ GEPS 1 provides volume-based incentives for mailers that send large volumes of Express Mail International (EMI) and/or Priority Mail International (PMI). The Postal Service believes the instant contract is functionally equivalent to previously submitted GEPS agreements, and supported by the Governors' Decision filed in Docket No. CP2008-5.² *Id.* at 1-2. It further notes that in Order No. 86, which established GEPS 1 as a product, the Commission held that additional contracts may be included as part of the GEPS 1 product if they meet the requirements of 39 U.S.C. 3633 and if they are functionally equivalent to the initial GEPS 1 contract filed in Docket No. CP2008-5.³ *Id.* at 1.

The instant contract. The Postal Service filed the instant contract pursuant to 39 CFR 3015.5. In addition, the Postal Service contends that the contract is in accordance with Order No. 86. It submitted the contract and supporting material under seal, and attached a redacted copy of the certified statement required by 39 CFR 3015.5(c)(2) to the Notice. *Id.* at 1-2.

The Notice addresses reasons why the instant GEPS 1 contract fits within the Mail Classification Schedule language for GEPS 1, explains expiration terms, and discusses the Postal Service's

¹ Notice of United States Postal Service Filing of Functionally Equivalent Global Expedited Package Services 1 Negotiated Service Agreement, December 9, 2008 (Notice).
