

*Drilling Operations and Equipment:*  
RP 4G, new edition Recommended Practice for Use and Procedures for inspections, Maintenance, and Repair of Drilling and Well Servicing Structures

Spec 9A, new edition, National Adoption of ISO 10425, Specification for Wire Rope

RP 10B, new edition, National Adoption of ISO 10426-2, Recommended Practice for Testing Well Cements

RP10X, new edition, National Adoption of ISO 10426-3, Recommended Practice for Deep Water Cementing

Spec 13A, new edition, National Adoption of ISO 13500, Specification for Drilling Fluid Materials

RP 13I, new edition, National Adoption of ISO 10416, Recommended Practice for Standard Procedures for Laboratory Testing Drilling Fluids

RP 13B-2, new edition, National Adoption of ISO 10414-2, Recommended Practice for Standard Procedures for Field Testing Oil-based Drilling Fluids

Spec 16A, new edition, National Adoption of ISO 13533, Specification for Drill-through Equipment

Spec 16C, new edition Specification for Choke and Kill Systems

Spec 16D, new edition Specification for Control Systems for Drilling Well Control Equipment

Spec 16F, new edition Specification for Marine Drilling Riser Equipment

RP 56/58/60 combine as adopt back of 13503-2 Recommended Practice for Frac Sands, Proppants, and Gravel Packing Materials

## **DEPARTMENT OF COMMERCE**

### **National Oceanic and Atmospheric Administration**

[I.D. 020404E]

#### **Pacific Fishery Management Council; Public Meeting**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public meeting.

**SUMMARY:** The groundfish subcommittee of the Pacific Fishery Management Council's (Council) Scientific and Statistical Committee (SSC) will hold a work session to review analytical portions of the Environmental Impact Statement (EIS) for Groundfish Essential Fish Habitat (EFH). The work session is open to the public.

**DATES:** The SSC groundfish subcommittee will meet from 9 a.m. until 5 p.m. on Monday, February 23, 2004. The meeting will continue on Tuesday, February 24, 2004 from 9 a.m. until business for the day is completed.

**ADDRESSES:** The groundfish subcommittee work session will be held at NMFS Alaska Fisheries Science Center, Traynor Seminar Room, 7600 Sand Point Way N.E., Building 4, Seattle, WA 98115; telephone: 206-526-4000.

*Council address:* Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 200, Portland, OR 97220-1384.

**FOR FURTHER INFORMATION CONTACT:** Mr. Dan Waldeck, Staff Officer: 503-820-2280.

**SUPPLEMENTARY INFORMATION:** NMFS, in cooperation with the Council, is developing an EIS for EFH under the Pacific Coast Groundfish Fishery Management Plan. As a precursor to the EFH EIS, a risk assessment is being developed. A significant output of the risk assessment is an analytical tool composed of geo-referenced Bayesian Network models designed to assist the Council in developing (and comparing the consequences of) management alternatives related to the EFH EIS. Through a series of public meetings, the Council's Ad Hoc Technical Review Committee has facilitated development of the risk assessment process.

Currently, as the Council prepares for actions related to the EFH EIS, the SSC, in their role of ensuring Council decisions are informed by the best available science, will review the risk assessment process and analytical tool. The SSC will report their findings at the April 2004 Council meeting.

Entry to the Alaska Fisheries Science Center requires identification with a photograph (such as a student ID, state drivers license, etc.) A security guard will review the identification and issue a Visitor's Badge valid for the date of the meeting.

Although non-emergency issues not contained in this notice may come before the SSC groundfish subcommittee for discussion, those issues may not be the subject of formal action during this meeting. SSC groundfish subcommittee action will be restricted to those issues specifically listed in this notice, and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the subcommittee's intent to take final action to address the emergency.

#### **Special Accommodations**

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Ms. Carolyn Porter at 503-820-2280 at least 5 days prior to the meeting date.

Dated: February 4, 2004.
