

with Midpoint Pegging. Again, the proposed Rule change will eliminate this issue going forward because the Exchange will adopt consistent handling of partial cancellations across all Orders and applicable and available Order Entry Protocols.

*B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that its proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. As a general principle, the proposed changes are reflective of the significant competition among exchanges and non-exchange venues for order flow. In this regard, proposed changes that facilitate enhancements to the Exchange's System and Order Entry Protocols as well as those that amend and clarify the Exchange's Rules regarding its Order Types and Attributes, are pro-competitive because they bolster the efficiency, integrity, and overall attractiveness of the Exchange in an absolute sense and relative to its peers.

Moreover, the proposed changes will not unduly burden intra-market competition among various Exchange participants. The Exchange's proposal to allow the partial cancellation of an Order without the Order losing priority will not impact intra-market competition because the participant that entered the Order continues to express its willingness to trade at the price entered when the Order first came onto the Book. Moreover, if the Order is displayed, other participants quoting at the same price are aware of the priority of their Orders relative to the partially cancelled Order. While a partial cancellation may provide these other participants with greater opportunities to provide a fill, the Exchange does not believe that it would be reasonable for these participants to jump ahead of an Order with time priority merely because the size of the Order has been reduced. Similarly, if the partially cancelled Order is non-displayed, other participants would have no awareness of its price, its original size, or its reduced size. Again, while other participants at that price may have an increased opportunity to provide a fill when the Order's size is reduced, they would not have an expectation that the priority of their Orders would change vis-à-vis that of an Order that arrived on the Book at an earlier time.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were either solicited or received.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>11</sup> and Rule 19b-4(f)(6) thereunder.<sup>12</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

**SUPPLEMENTARY INFORMATION:**

**Background**

ARAC was established on January 22, 1991, under the Federal Advisory Committee Act (FACA) pursuant to Title 5 of the United States Code, Appendix 2. The purpose of ARAC is to provide information, advice, and recommendations to the Secretary of Transportation, through the FAA Administrator, concerning rulemaking activities, such as aircraft operations, airman and air agency certification, airworthiness standards and certification, airports, maintenance, noise, and training.

**Description of Duties**

ARAC will undertake only tasks assigned to it by FAA and provide direct, first-hand information, advice, and recommendations by meeting and exchanging ideas on the tasks assigned. In addition, ARAC will respond to ad-hoc informational requests from FAA.

**Membership**

The ARAC is composed of members appointed by the Secretary of Transportation upon recommendation by the FAA Administrator. All ARAC members serve at the pleasure of the Secretary of Transportation. ARAC will have no more than 30 members and is composed of representatives from organizations directly and indirectly impacted by FAA regulations. These organizations include aircraft owners and operators, airmen and flight crewmembers, airports, aircraft maintenance providers, aircraft manufacturers, public citizen and passenger groups, training providers, and labor organizations. The designated organizations are intended to provide balanced representation in terms of knowledge, expertise, and points of view of interested parties relative to the ARAC's tasks. Each voting member holds appropriate authority in the designated organization to speak for it and the community or industry represented. In addition, members provide a balance in points of view regarding the functions and tasks to be performed by ARAC. Members are appointed for a 2-year term.

**Nomination Process**
